Innovator Loup Frontier Tech ETF

Ticker symbol: LOUP

Statement of Additional Information
July 20, 2018

120 North Hale Street
Suite 200
Wheaton, Illinois 60187
www.innovatoretf.com

This Statement of Additional Information (“SAI”) describes shares of the Innovator Loup Frontier Tech ETF (the “Fund”) which is a series of Innovator ETFs Trust (the “Trust”). The Fund’s investment adviser is Innovator Capital Management, LLC (the “Adviser”) and investment sub-adviser is Penserra Capital Management LLC (the “Sub-Adviser”). The Fund’s distributor is Foreside Fund Services, LLC (the “Distributor”).

This SAI supplements the information contained in the Fund’s Prospectus, dated July 20, 2018, as they may be amended from time to time. This SAI should be read in conjunction with the Prospectus. This SAI is not itself a prospectus but is, in its entirety, incorporated by reference into the Prospectus. A copy of the Fund’s most recent annual report, semi-annual report or the Prospectus for the Fund may be obtained, without charge, by writing the Adviser at the address listed above or by calling (800) 208-5212.

GENERAL INFORMATION

The Trust is a Delaware statutory trust organized on October 17, 2007. On August 11, 2017, the Trust changed its name from Academy Funds Trust to Innovator ETFs Trust. The Trust is an open-end management investment company, registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Trust currently offers shares of three separate series, representing separate portfolios of investments. This SAI relates solely to the Fund, which is non-diversified.

The Fund offers, issues and redeems shares (“Shares”) at net asset value (“NAV”) only in aggregations of a specified number of Shares (each a “Creation Unit” or a “Creation Unit Aggregation”), generally in exchange for a portfolio of securities representing securities included in the Fund’s portfolio (“Deposit Securities”). Shares of the Fund are listed and trade on NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”), a national securities exchange. Shares of the Fund are traded in the secondary market and elsewhere at market prices that may be at, above or below the Fund’s NAV. Shares are redeemable only in Creation Units by Authorized Participants (as defined in “Disclosure of Portfolio Holdings Information”), and, generally, in exchange for Deposit Securities. Creation Units typically are a specified number of shares, generally 50,000 or multiples thereof. In the event of the liquidation of the Fund, the Trust may lower the number of Shares in a Creation Unit.

The Trust reserves the right to permit or require that creations and redemptions of Shares are effected fully or partially in cash. Shares may be issued in advance of receipt of Deposit Securities, subject to various conditions, including a requirement that the Authorized Participant maintain with the Trust a cash deposit marked to the market value of any omitted Deposit Securities. The Trust may use such cash deposit at any time to purchase Deposit Securities. See “Creation and Redemption of Creation Unit Aggregations” in this SAI. Transaction fees and other costs associated with creations or redemptions that include cash may be higher than the transaction fees and other costs associated with in-kind creations or redemptions. In all cases, conditions with respect to creations and redemptions of shares and fees will be limited in accordance with the requirements of Securities and Exchange Commission (“SEC”) rules and regulations applicable to management investment companies offering redeemable securities.

The Fund is a separate mutual fund, and each Share represents an equal proportionate interest in the Fund. All consideration received by the Trust for Shares and all assets of the Fund belong solely to the Fund and would be subject to liabilities related thereto. The Trust pays its (i) operating expenses, including fees of its service providers, expenses of preparing prospectuses for existing shareholders, proxy solicitation materials and reports to shareholders, costs of custodial services charges, taxes and organization expenses and (ii) other expenses, including audit and legal expenses. Expenses attributable to a specific series of the Trust shall be payable solely out of the assets of that series. Expenses not attributable to a specific series are allocated across all of the series on the basis of relative net assets.

EXCHANGE LISTING AND TRADING

There can be no assurance that the requirements of the Exchange necessary to maintain the listing of Shares of the Fund will continue to be met. The Exchange may, but is not required to, remove the Shares of the Fund from listing if (i) following the initial 12-month period beginning upon the commencement of trading of the Fund, there are fewer than 50 beneficial holders of the Shares for 30 or more consecutive trading days, (ii) the “approximate value” of the Fund, as described in “Fund Share Trading Prices” of the Prospectus, is no longer calculated or available, or (iii) any other event shall occur or condition shall exist that, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable. The Exchange will remove the Shares of the Fund from listing and trading upon termination of the Fund.

As in the case of other stocks traded on the Exchange, brokers’ commissions on transactions will be based on negotiated commission rates at customary levels. Negotiated commission rates only apply to investors who will buy and sell Shares of the Fund in secondary market transactions through brokers on the Exchange and does not apply to investors such as market makers, large investors and institutions who wish to deal in Creation Units directly with the Fund.

The Trust reserves the right to adjust the price levels of the Shares in the future to help maintain convenient trading ranges for investors. Any adjustments would be accomplished through stock splits or reverse stock splits, which would have no effect on the net assets of the Fund.

Continuous Offering

The method by which Creation Units are created and traded may raise certain issues under applicable securities laws. Because new Creation Units are issued and sold by the Fund on an ongoing basis, at any point a “distribution,” as such term is used in the Securities Act of 1933, as amended (the “1933 Act”), may occur. Broker-dealers and other persons are cautioned that some activities on their part may, depending on the circumstances, result in their being deemed participants in a distribution in a manner that could render them statutory underwriters and subject them to the prospectus delivery requirement and liability provisions of the 1933 Act.

For example, a broker-dealer firm or its client may be deemed a statutory underwriter if it takes Creation Units after placing an order with the Distributor, breaks them down into constituent Shares and sells such Shares directly to customers or if it chooses to couple the creation of new Shares with an active selling effort involving solicitation of secondary market demand for Shares. A determination of whether one is an underwriter for purposes of the 1933 Act must take into account all of the facts and circumstances pertaining to the activities of the broker-dealer or its client in the particular case and the examples mentioned above should not be considered a complete description of all the activities that could lead to a categorization as an underwriter.

Broker-dealer firms should also note that dealers who are not “underwriters” but are effecting transactions in Shares, whether or not participating in the distribution of Shares,

generally are required to deliver a prospectus. This is because the prospectus delivery exemption in Section 4(a)(3) of the 1933 Act is not available in respect of such transactions as a result of Section 24(d) of the 1940 Act. Firms that incur a prospectus delivery obligation with respect to Shares of the Fund are reminded that, pursuant to Rule 153 under the 1933 Act, a prospectus delivery obligation under Section 5(b)(2) of the 1933 Act owed to an exchange member in connection with a sale on the Exchange generally is satisfied by the fact that the prospectus is available at the Exchange upon request. The prospectus delivery mechanism provided in Rule 153 is available only with respect to transactions on an exchange.

INVESTMENT RESTRICTIONS AND POLICIES

Investment Objective

There can be no assurance that the Fund will achieve its objective. The Fund's investment objective and policies, and its associated risks, are discussed below and in the Fund's Prospectus, which should be read carefully before an investment is made. All investment objectives and investment policies not specifically designated as fundamental may be changed without shareholder approval. Additional information about the Fund and its policies is provided below.

Fundamental Investment Restrictions

The investment restrictions set forth below have been adopted by the Trust as fundamental policies that cannot be changed without the affirmative vote of the holders of a majority (as defined in the 1940 Act) of the outstanding voting securities of the Fund. All other investment policies or practices of the Fund are considered by the Trust to be non-fundamental and, accordingly, may be changed without shareholder approval. For purposes of the 1940 Act, a "majority of the outstanding voting securities" means the lesser of the vote of: (i) 67% or more of the Shares of the Fund present at a meeting, if the holders of more than 50% of the outstanding Shares of the Fund are present or represented by proxy, or (ii) more than 50% of the Shares of the Fund.

The Fund shall not:

- (1) Borrow money, except to the extent permitted by the 1940 Act, or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.
- (2) Act as an underwriter, except to the extent the Fund may be deemed to be an underwriter when disposing of securities it owns or when selling its own shares.
- (3) Make loans if, as a result, more than 33 1/3% of its total assets would be lent to other persons, including other investment companies to the extent permitted by the 1940 Act or any rules, exemptions or interpretations thereunder which may be adopted, granted or issued by the SEC.

- (4) Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments and provided that this restriction does not prevent the Fund from (i) purchasing or selling securities or instruments secured by real estate or interests therein, securities or instruments representing interests in real estate or securities or instruments of issuers that invest, deal or otherwise engage in transactions in real estate or interests therein and (ii) making, purchasing or selling real estate mortgage loans.
- (5) Purchase or sell commodities except to the extent permitted by applicable law.
- (6) Issue senior securities, except to the extent permitted by the 1940 Act or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.
- (7) Invest 25% or more of the Fund's net assets in securities of issuers in any one industry or group of industries (other than securities issued or guaranteed by the U.S. government or any of its agencies or instrumentalities or securities of other investment companies), except that the Fund will invest 25% or more of its net assets in securities of issuers in the same industry to approximately the same extent that the Loup Frontier Tech Index (the "Index") concentrates in the securities of a particular industry or group of industries. Accordingly, if the Index stops concentrating in the securities of a particular industry or group of industries, the Fund will also discontinue concentrating in such securities.

Non-Fundamental Investment Restrictions

In addition to the fundamental policies and investment restrictions described above, and the various general investment policies described in the Prospectus, the Fund will be subject to the following investment restrictions, which are considered non-fundamental and may be changed by the Trust's Board of Trustees (the "Board") without shareholder approval.

- (1) The Fund may not invest more than 15% of its net assets in securities that it cannot sell or dispose of in the ordinary course of business within seven days at approximately the value at which the Fund has valued the investment.
- (2) The Fund is permitted to invest in other investment companies, including open-end, closed-end or unregistered investment companies, either within the percentage limits set forth in the 1940 Act, any rule or order thereunder, or SEC staff interpretation thereof, or without regard to percentage limits in connection with a merger, reorganization, consolidation or other similar transaction.

* * *

Except for the Fund's policy with respect to borrowing, any investment restriction or limitation that involves a maximum percentage of securities or assets shall not be considered violated unless an excess over the percentage occurs immediately after an acquisition of securities or a utilization of assets and such excess results therefrom.

Portfolio Turnover

The Fund may have a portfolio turnover rate in excess of 100%. Portfolio trading will be undertaken principally to accomplish the Fund's investment objective. The Fund is free to dispose of portfolio securities at any time, subject to complying with the Internal Revenue Code of 1986 (the "Code") and the 1940 Act, when changes in circumstances or conditions make such a move desirable in light of the Fund's investment objective. Therefore, the Fund will not attempt to achieve or be limited to a predetermined rate of portfolio turnover.

The portfolio turnover rate tells you the amount of trading activity in the Fund's portfolio. A turnover rate of 100% would occur, for example, if all of the Fund's investments held at the beginning of a year were replaced by the end of the year, or if a single investment was frequently traded. The turnover rate also may be affected by cash requirements from purchases and redemptions of Shares. A high rate of portfolio turnover in any year may increase brokerage commissions paid and could generate taxes for shareholders on realized investment gains.

INVESTMENT STRATEGIES AND RISKS

The following information relates to and supplements the description of the Fund's investment strategies and risks that are contained in the Prospectus and includes descriptions of permitted investments and investment practices as well as associated risk factors.

American Depositary Receipts ("ADRs") (principal investment). ADRs as well as other "hybrid" forms of ADRs, including European Depositary Receipts ("EDRs") and Global Depositary Receipts ("GDRs"), are certificates evidencing ownership of shares of a foreign issuer. Depositary receipts may be sponsored or unsponsored. These certificates are issued by depository banks and generally trade on an established market in the United States or elsewhere. The underlying shares are held in trust by a custodian bank or similar financial institution in the issuer's home country. The depository bank may not have physical custody of the underlying securities at all times and may charge fees for various services, including forwarding dividends and interest and corporate actions. ADRs are alternatives to directly purchasing the underlying foreign securities in their national markets and currencies. However, ADRs continue to be subject to many of the risks associated with investing directly in foreign securities.

Investments in the securities of foreign issuers may subject the Fund to investment risks that differ in some respects from those related to investments in securities of U.S. issuers. Such risks include future adverse political and economic developments, possible imposition of withholding taxes on income, possible seizure, nationalization or expropriation of foreign deposits, possible establishment of exchange controls or taxation at the source or greater fluctuation in value due to changes in exchange rates. Foreign issuers of securities often engage in business practices different from those of domestic issuers of similar securities, and there may be less information publicly available about foreign issuers. In addition, foreign issuers are, generally speaking, subject to less government supervision and regulation and different accounting treatment than are those in the United States.

Although the two types of depositary receipt facilities (unsponsored or sponsored) are similar, there are differences regarding a holder's rights and obligations and the practices of market participants. A depository may establish an unsponsored facility without participation by (or acquiescence of) the underlying issuer; typically, however, the depository requests a letter of non-objection from the underlying issuer prior to establishing the facility. Holders of unsponsored depositary receipts generally bear all the costs of the facility. The depository usually charges fees upon the deposit and withdrawal of the underlying securities, the conversion of dividends into U.S. dollars or other currency, the disposition of non-cash distributions, and the performance of other services. The depository of an unsponsored facility frequently is under no obligation to distribute shareholder communications received from the underlying issuer or to pass through voting rights to depositary receipt holders with respect to the underlying securities.

Sponsored depositary receipt facilities are created in generally the same manner as unsponsored facilities, except that sponsored depositary receipts are established jointly by a depository and the underlying issuer through a deposit agreement. The deposit agreement sets out the rights and responsibilities of the underlying issuer, the depository, and the depositary receipt holders. With sponsored facilities, the underlying issuer typically bears some of the costs of the depositary receipts (such as dividend payment fees of the depository), although most sponsored depositary receipts holders may bear costs such as deposit and withdrawal fees. Depositories of most sponsored depositary receipts agree to distribute notices of shareholder meetings, voting instructions, and other shareholder communications and information to the depositary receipt holders at the underlying issuer's request.

Borrowing and Leverage. If the Fund borrows money, it must pay interest and other fees, which will reduce the Fund's returns if such costs exceed the returns on the portfolio securities purchased or retained with such borrowings. Any such borrowings are intended to be temporary. However, under certain market conditions, including periods of low demand or decreased liquidity, such borrowings might be outstanding for longer periods of time. As prescribed by the 1940 Act, the Fund will be required to maintain specified asset coverage of at least 300% with respect to any bank borrowing immediately following such borrowing. The Fund may be required to dispose of assets on unfavorable terms if market fluctuations or other factors reduce the Fund's asset coverage to less than the prescribed amount.

Cyber Security Risk. As the use of technology has become more prevalent, the Fund may be more susceptible to operational risks through breaches in cyber security. A cyber security incident may refer to either intentional or unintentional events that allow an unauthorized party to gain access to fund assets, customer data, or proprietary information, or cause the Fund or a service provider to suffer data corruption or lose operational functionality. A cyber security incident could, among other things, result in the loss or theft of customer data or funds, customers or employees being unable to access electronic systems ("denial of services"), loss or theft of proprietary information or corporate data, physical damage to a computer or network system, or remediation costs associated with system repairs. Any of these results could have a substantial impact on the Fund. For example, if a cyber security incident results in a denial of service, Fund shareholders could lose access to their electronic accounts for an unknown period of time, and employees could be unable to access electronic systems to perform critical duties for the Fund, such as trading, NAV calculation, shareholder accounting or fulfillment of Share

purchases and redemptions. Cyber security incidents could cause the Fund, Adviser, Sub-Adviser or Distributor to incur regulatory penalties, reputational damage, additional compliance costs associated with corrective measures, or financial loss of a significant magnitude. They may also cause the Fund to violate applicable privacy and other laws. The Fund's service providers have established risk management systems that seek to reduce the risks associated with cyber security, and business continuity plans in the event there is a cybersecurity breach. However, there is no guarantee that such efforts will succeed, especially since the Fund does not directly control the cyber security systems of the issuers of securities in which the Fund invests or the Fund's third-party service providers (including the Fund's transfer agent and custodian).

Developing Markets or Emerging Markets (principal investment). Investments in companies domiciled or with significant operations in developing market or emerging market countries may be subject to potentially higher risks than investments in developed countries. These risks include, among others (i) less social, political, and economic stability; (ii) smaller securities markets with low or nonexistent trading volume, which result in greater illiquidity and greater price volatility; (iii) certain national policies which may restrict the Fund's investment opportunities, including restrictions on investment in issuers or industries deemed sensitive to national interests; (iv) foreign taxation, including less transparent and established taxation policies; (v) less developed regulatory or legal structures governing private or foreign investment or allowing for judicial redress for injury to private property; (vi) the absence, until recently in many developing market countries, of a capital market structure or market-oriented economy; (vii) more widespread corruption and fraud; (viii) the financial institutions with which the Fund may trade may not possess the same degree of financial sophistication, creditworthiness, or resources as those in developed markets; and (ix) the possibility that recent favorable economic developments in some developing market countries may be slowed or reversed by unanticipated economic, political, or social events in such countries.

In addition, many developing market countries have experienced substantial, and during some periods, extremely high rates of inflation, for many years. Inflation and rapid fluctuations in inflation rates have had, and may continue to have, negative effects on the economies and securities markets of certain countries. Moreover, the economies of some developing market countries may differ unfavorably from the U.S. economy in such respects as growth of gross domestic product, rate of inflation, currency depreciation, debt burden, capital reinvestment, resource self-sufficiency, and balance of payments position. The economies of some developing market countries may be based on only a few industries, and may be highly vulnerable to changes in local or global trade conditions.

Settlement systems in developing market countries may be less organized than in developed countries. Supervisory authorities may also be unable to apply standards which are comparable with those in more developed countries. There may be risks that settlement may be delayed and that cash or securities belonging to the Fund may be in jeopardy because of failures of or defects in the settlement systems. Market practice may require that payment be made prior to receipt of the security which is being purchased or that delivery of a security must be made before payment is received. In such cases, default by a broker or bank (the "counterparty") through whom the relevant transaction is effected might result in a loss being suffered by the Fund. The Fund seeks, where possible, to use counterparties whose financial status reduces this risk. However, there can

be no certainty that the Fund will be successful in eliminating or reducing this risk, particularly as counterparties operating in developing market countries frequently lack the substance, capitalization, and/or financial resources of those in developed countries. Uncertainties in the operation of settlement systems in individual markets may increase the risk of competing claims to securities held by or to be transferred to the Fund. Legal compensation schemes may be non-existent, limited or inadequate to meet the Fund's claims in any of these events.

Securities trading in developing markets presents additional credit and financial risks. The Fund may have limited access to, or there may be a limited number of, potential counterparties that trade in the securities of developing market issuers. Governmental regulations may restrict potential counterparties to certain financial institutions located or operating in the particular developing market. Potential counterparties may not possess, adopt or implement creditworthiness standards, financial reporting standards, or legal and contractual protections similar to those in developed markets. Currency and other hedging techniques may not be available or may be limited.

The local taxation of income and capital gains accruing to non-residents varies among developing market countries and may be comparatively high. Developing market countries typically have less well-defined tax laws and procedures and such laws may permit retroactive taxation so that the Fund could in the future become subject to local tax liabilities that had not been anticipated in conducting its investment activities or valuing its assets.

Many developing market countries suffer from uncertainty and corruption in their legal frameworks. Legislation may be difficult to interpret and laws may be too new to provide any precedential value. Laws regarding foreign investment and private property may be weak or non-existent. Investments in developing market countries may involve risks of nationalization, expropriation, and confiscatory taxation. For example, the Communist governments of a number of Eastern European countries expropriated large amounts of private property in the past, in many cases without adequate compensation, and there can be no assurance that similar expropriation will not occur in the future. In the event of expropriation, the Fund could lose all or a substantial portion of any investments it has made in the affected countries. Accounting, auditing and reporting standards in certain countries in which the Fund may invest may not provide the same degree of investor protection or information to investors as would generally apply in major securities markets. In addition, it is possible that purported securities in which the Fund invested may subsequently be found to be fraudulent and as a consequence the Fund could suffer losses.

Finally, currencies of developing market countries are subject to significantly greater risks than currencies of developed countries. Some developing market currencies may not be internationally traded or may be subject to strict controls by local governments, resulting in undervalued or overvalued currencies and associated difficulties with the valuation of assets, including the Fund's securities, denominated in that currency. Some developing market countries have experienced balance of payment deficits and shortages in foreign exchange reserves. Governments have responded by restricting currency conversions. Future restrictive exchange controls could prevent or restrict a company's ability to make dividend or interest payments in the original currency of the obligation (usually U.S. dollars). In addition, even though the

currencies of some developing market countries, such as certain Eastern European countries, may be convertible into U.S. dollars, the conversion rates may be artificial to the actual market values and may be adverse to the Fund's shareholders.

Equity Securities (principal investment). Equity securities represent ownership interests in a company and consist of common stocks, preferred stocks, warrants to acquire common stock, and securities convertible into common stock. Investments in equity securities in general are subject to market risks that may cause their prices to fluctuate over time. Fluctuations in the value of equity securities in which the Fund invests will cause the net asset value ("NAV") of the Fund to fluctuate. The Fund may purchase equity securities traded in the United States on registered exchanges or the over-the-counter market. Equity securities are described in more detail below:

- ***Common Stock.*** Common stock represents an equity or ownership interest in an issuer. In the event an issuer is liquidated or declares bankruptcy, the claims of owners of bonds and preferred stock take precedence over the claims of those who own common stock.
- ***Preferred Stock.*** Preferred stock represents an equity or ownership interest in an issuer that pays dividends at a specified rate and that has precedence over common stock in the payment of dividends. In the event an issuer is liquidated or declares bankruptcy, the claims of owners of bonds take precedence over the claims of those who own preferred and common stock.
- ***Warrants.*** Warrants are instruments that entitle the holder to buy an equity security at a specific price for a specific period of time. Changes in the value of a warrant do not necessarily correspond to changes in the value of its underlying security. The price of a warrant may be more volatile than the price of its underlying security, and a warrant may offer greater potential for capital appreciation as well as capital loss. Warrants do not entitle a holder to dividends or voting rights with respect to the underlying security and do not represent any rights in the assets of the issuing company. A warrant ceases to have value if it is not exercised prior to its expiration date. These factors can make warrants more speculative than other types of investments.
- ***Convertible Securities.*** Convertible securities are bonds, debentures, notes, preferred stocks or other securities that may be converted or exchanged (by the holder or by the issuer) into shares of the underlying common stock (or cash or securities of equivalent value) at a stated exchange ratio. A convertible security may also be called for redemption or conversion by the issuer after a particular date and under certain circumstances (including a specified price) established upon issue. If a convertible security held by the Fund is called for redemption or conversion, the Fund could be required to tender it for redemption, convert it into the underlying common stock, or sell it to a third party. Convertible securities generally have less potential for gain or loss than common stocks. Convertible securities generally provide yields higher than the underlying common stocks, but generally lower than comparable nonconvertible securities. Because of this higher yield, convertible securities generally sell at a price above their "conversion value," which is the current market value of the stock to be

received upon conversion. The difference between this conversion value and the price of convertible securities will vary over time depending on changes in the value of the underlying common stocks and interest rates. When the underlying common stocks decline in value, convertible securities will tend not to decline to the same extent because of the interest or dividend payments and the repayment of principal at maturity for certain types of convertible securities. However, securities that are convertible other than at the option of the holder generally do not limit the potential for loss to the same extent as securities convertible at the option of the holder. When the underlying common stocks rise in value, the value of convertible securities may also be expected to increase. At the same time, however, the difference between the market value of convertible securities and their conversion value will narrow, which means that the value of convertible securities will generally not increase to the same extent as the value of the underlying common stocks. Because convertible securities may also be interest-rate sensitive, their value may increase as interest rates fall and decrease as interest rates rise. Convertible securities are also subject to credit risk, and are often lower-quality securities.

- *Micro, Small and Mid Cap Issuers.* The Fund may invest in micro, small and mid cap issuers. Investing in equity securities of micro, small and mid cap companies often involves greater risk than is customarily associated with investments in companies with larger capitalizations. This increased risk may be due to the greater business risks of smaller size, limited markets and financial resources, narrow product lines and frequent lack of depth of management. The securities of smaller companies are often traded in the over-the-counter market and even if listed on a national securities exchange the trading market (i.e., the volume of trades on any given day) for such securities may be less active than larger companies listed on that exchange. Consequently, the securities of these companies may be less liquid, may have limited market stability, and may be subject to more abrupt or erratic market movements than securities of larger, more established growth companies or the market averages in general. As a result, the prices of the smaller companies owned by the Fund may be volatile, and the price movements of the Fund's shares will reflect that volatility.

Foreign Securities (principal investment). There are substantial risks associated with investing in the securities of governments and companies located in, or having substantial operations in, foreign countries, which are in addition to the usual risks inherent in domestic investments. The value of foreign securities (like U.S. securities) is affected by general economic conditions and individual issuer and industry earnings prospects. Investments in depositary receipts also involve some or all of the risks described below.

There is the possibility of cessation of trading on foreign exchanges, expropriation, nationalization of assets, confiscatory or punitive taxation, withholding and other foreign taxes on income or other amounts, foreign exchange controls (which may include suspension of the ability to transfer currency from a given country), restrictions on removal of assets, political or social instability, military action or unrest, or diplomatic developments that could affect investments in securities of issuers in foreign nations. There is no assurance that the investment manager will be able to anticipate these potential events. In addition, the value of securities

denominated in foreign currencies and of dividends and interest paid with respect to such securities will fluctuate based on the relative strength of the U.S. dollar.

There may be less publicly available information about foreign issuers comparable to the reports and ratings published about issuers in the U.S. Foreign issuers generally are not subject to uniform accounting or financial reporting standards. Auditing practices and requirements may not be comparable to those applicable to U.S. issuers. Certain countries' legal institutions, financial markets and services are less developed than those in the U.S. or other major economies. The Fund may have greater difficulty voting proxies, exercising shareholder rights, securing dividends and obtaining information regarding corporate actions on a timely basis, pursuing legal remedies, and obtaining judgments with respect to foreign investments in foreign courts than with respect to domestic issuers in U.S. courts. The costs associated with foreign investments, including withholding taxes, brokerage commissions, and custodial costs, are generally higher than with U.S. investments.

Certain countries require governmental approval prior to investments by foreign persons, or limit the amount of investment by foreign persons in a particular company. Some countries limit the investment of foreign persons to only a specific class of securities of an issuer that may have less advantageous terms than securities of the issuer available for purchase by nationals. Although securities subject to such restrictions may be marketable abroad, they may be less liquid than foreign securities of the same class that are not subject to such restrictions. In some countries the repatriation of investment income, capital and proceeds of sales by foreign investors may require governmental registration and/or approval. The Fund could be adversely affected by delays in or a refusal to grant any required governmental registration or approval for repatriation.

From time to time, trading in a foreign market may be interrupted. Foreign markets also have substantially less volume than the U.S. markets and securities of some foreign issuers are less liquid and more volatile than securities of comparable U.S. issuers. The Fund, therefore, may encounter difficulty in obtaining market quotations for purposes of valuing its portfolio and calculating its NAV.

In many foreign countries there is less government supervision and regulation of stock exchanges, brokers, and listed companies than in the U.S., which may result in greater potential for fraud or market manipulation. Foreign over-the-counter markets tend to be less regulated than foreign stock exchange markets and, in certain countries, may be totally unregulated. Brokerage commission rates in foreign countries, which generally are fixed rather than subject to negotiation as in the U.S., are likely to be higher. Foreign security trading, settlement and custodial practices (including those involving securities settlement where assets may be released prior to receipt of payment) are often less developed than those in U.S. markets, may be cumbersome, and may result in increased risk or substantial delays. This could occur in the event of a failed trade or the insolvency of, or breach of duty by, a foreign broker/dealer, securities depository, or foreign sub-custodian.

The holding of foreign securities may be limited by the Fund to avoid investment in certain Passive Foreign Investment Companies ("PFICs") and the imposition of a PFIC tax on the Fund resulting from such investments.

Short-Term Instruments and Temporary Investments (non-principal investment). The Fund may invest in short-term instruments, including money market instruments, on an ongoing basis to provide liquidity or for other reasons. Money market instruments are generally short-term investments that may include, but are not limited to: (i) shares of money market funds; (ii) obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities (including government-sponsored enterprises); (iii) negotiable certificates of deposit, bankers' acceptances, fixed-time deposits and other obligations of U.S. and non-U.S. banks (including non-U.S. branches) and similar institutions; (iv) commercial paper rated, at the date of purchase, "Prime-1" by Moody's® Investors Service, Inc., "F-1" by Fitch Ratings, Inc., or "A-1" by Standard & Poor's® Financial Services LLC, a subsidiary of S&P Global, Inc., or if unrated, of comparable quality as determined by the Adviser and/or Sub-Adviser; (v) non-convertible corporate debt securities (e.g., bonds and debentures) with remaining maturities at the date of purchase of not more than 397 days and that satisfy the rating requirements set forth in Rule 2a-7 under the 1940 Act; (vi) repurchase agreements; and (vii) short-term U.S. dollar denominated obligations of non-U.S. banks (including U.S. branches) that, in the opinion of the Adviser and/or Sub-Adviser, are of comparable quality to obligations of U.S. banks that may be purchased by the Fund. Any of these instruments may be purchased on a current or forward-settled basis. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers' acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

Tracking and Correlation. The Fund seeks investment results that correspond to the price and yield performance of the Index, although several factors may affect their ability to achieve this correlation, including, but not limited to: (1) the Fund's expenses, including brokerage (which may be increased by high portfolio turnover) and the cost of the investment techniques employed by the Fund; (2) the Fund's holding of less than all of the securities in the Index, including as part of a "representative sampling" strategy, and holding securities not included in the Index; (3) an imperfect correlation between the performance of the Fund's investments and those of the Index; (4) bid-ask spreads (the effect of which may be increased by portfolio turnover); (5) holding instruments traded in a market that has become illiquid or disrupted; (6) Share prices being rounded to the nearest cent; (7) changes to the Index that are not disseminated in advance; (8) the need to conform the Fund's portfolio holdings to comply with investment restrictions or policies, or regulatory or tax law requirements; (9) early and unanticipated closings of the markets on which the holdings of the Fund trades, resulting in the inability of the Fund to execute intended portfolio transactions; and (10) the Fund's holdings of cash or cash equivalents, or otherwise not being fully invested in securities of the Index. While close tracking of the Fund to the Index may be achieved on any single trading day, over time the cumulative percentage increase or decrease in the NAV of Shares may diverge significantly from the cumulative percentage decrease or increase in the benchmark due to a compounding effect.

DISCLOSURE OF PORTFOLIO HOLDINGS INFORMATION

The Board has approved portfolio holdings disclosure policies that govern the timing and circumstances of disclosure to shareholders and third parties of information regarding the portfolio investments held by the Fund. These policies and procedures, as described below, are designed to ensure that disclosure of portfolio holdings is in the best interests of Fund

shareholders, and address conflicts of interest between the interests of Fund shareholders and those of the Fund's Adviser, Sub-Adviser, Distributor, or any affiliated person of the Fund, Adviser, Sub-Adviser or Distributor.

Each Business Day, Fund portfolio holdings information will be provided to the Distributor or other agent for dissemination through the facilities of the NSCC and/or other fee-based subscription services to NSCC members and/or subscribers to those other fee-based subscription services, including Authorized Participants, and to entities that publish and/or analyze such information in connection with the process of purchasing or redeeming Creation Units or trading Shares of the Fund in the secondary market. This information typically reflects the Fund's anticipated holdings on the following Business Day. Daily access to information concerning the Fund's portfolio holdings also is permitted (i) to certain personnel of those service providers that are involved in portfolio management and providing administrative, operational, risk management, or other support to portfolio management, including affiliated broker-dealers and/or Authorized Participants and (ii) to other personnel of the Adviser, Sub-Adviser, Administrator and fund accountant, who deal directly with, or assist in, functions related to investment management, administration, custody and fund accounting, as may be necessary to conduct business in the ordinary course in a manner consistent with agreements with the Fund and/or the terms of the Fund's current registration statement.

From time to time, information concerning Fund portfolio holdings, other than portfolio holdings information made available in connection with the creation/redemption process, as discussed above, may also be provided to other entities that provide additional services to the Fund, including, among others, rating or ranking organizations, in the ordinary course of business, no earlier than one Business Day following the date of the information. Portfolio holdings information made available in connection with the creation/redemption process may be provided to other entities that provide additional services to the Fund in the ordinary course of business after it has been disseminated to the NSCC.

The Fund's Chief Compliance Officer may also grant exceptions to permit additional disclosure of Fund portfolio holdings information at differing times and with different lag times (the period from the date of the information to the date the information is made available), if any, in instances where the Fund has legitimate business purposes for doing so, it is in the best interests of shareholders, and the recipients are subject to a duty of confidentiality, including a duty not to trade on the nonpublic information and are required to execute an agreement to that effect. The Board will be informed of any such disclosures at its next regularly scheduled meeting or as soon as is reasonably practicable thereafter. In no event shall the Fund, the Adviser, the Sub-Adviser, or any other party receive any direct or indirect compensation in connection with the disclosure of information about Fund portfolio holdings.

The Board exercises continuing oversight of the disclosure of the Fund's portfolio holdings by overseeing the implementation and enforcement of portfolio holdings disclosure policies and procedures and considering reports and recommendations by the Chief Compliance Officer concerning any material compliance matters that may arise in connection with any portfolio holdings governing policies. The Board and the Fund reserve the right to amend the policies and procedures at any time and from time to time without prior notice in their sole

discretion. For purposes of the policies and procedures, the term “portfolio holdings” means the equity and debt securities (*e.g.*, stocks and bonds) held by the Fund and does not mean the cash investments, derivatives, and other investment positions (collectively, other investment positions) held by the Fund, which are not disclosed.

The Fund will disclose its complete portfolio holdings schedule in public filings with the SEC within 70 days of the end of the second and fourth fiscal quarters and within 60 days of the end of the first and third fiscal quarters and will provide such information to shareholders as required by federal securities laws and regulations thereunder. The Fund may, however, voluntarily disclose all or part of its portfolio holdings other than in connection with the creation/redemption process, as discussed above, in advance of required filings with the SEC, provided that such information is made generally available to all shareholders and other interested parties in a manner that is consistent with the above policy for disclosure of portfolio holdings information. Such information may be made available through a publicly available website or other means that make the information available to all likely interested parties contemporaneously.

MANAGEMENT OF THE TRUST

Trustees and Officers

The business and affairs of the Trust are managed under the direction of its Board. The Trustees and principal officers are noted in the tables below along with their ages and their business experience for the past five years. The Trustees serve for indefinite terms until their resignation, death or removal. The Fund’s officers are elected annually by the Board and serve at the Board’s pleasure. Each Trustee serves as a trustee of all the ETFs issued by Innovator ETFs Trust and Innovator ETFs Trust II (the “Innovator Fund Complex”).

Name, Address and Year of Birth	Position(s) Held with the Trust	Length of Time Served	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Trustee or Officer	Other Directorships Held by Trustee or Officer in the Past Five Years
<i>Independent Trustees</i>					
Mark Berg 120 N. Hale Street, Suite 200, Wheaton, IL 60187 Year of Birth: 1971	Trustee	Since 2017	President and Founding Principal, Timothy Financial Counsel Inc. (2001-present)	5	None
Joe Stowell 120 N. Hale Street, Suite 200, Wheaton, IL 60187 Year of Birth: 1968	Trustee	Since 2017	Chief Operating Officer, Woodman Valley Chapel (2015- present); Executive Vice President and Chief Operating Officer, English Language Institute/China (2007-2015)	5	Board of Advisors, Westmont College

¹ H. Bruce Bond is deemed to be an interested person of the Trust (as defined in the 1940 Act) because of his affiliation with the Adviser.

² Mr. Nash is an employee of Foreside Fund Officer Services, LLC, a wholly-owned subsidiary of the Fund's principal underwriter.

Board Leadership

The Board has overall responsibility for the oversight and management of the Fund. The Chairman of the Board is an Independent Trustee; that is, the Chairman is not an “interested person” (as defined by the 1940 Act) of the Trust or the Adviser. The Board has two standing committees (as described further below): an Audit Committee and a Nominating Committee. The Chairman of each Board committee is an Independent Trustee.

In order to streamline communication between the Adviser and the Independent Trustees and create certain efficiencies, the Board has a Lead Independent Trustee who is responsible for: (i) coordinating activities of the Independent Trustees; (ii) working with the Adviser, Fund counsel and the independent legal counsel to the Independent Trustees to determine the agenda for Board meetings; (iii) serving as the principal contact for and facilitating communication between the Independent Trustees and the Fund's service providers, particularly the Adviser; and (iv) any other duties that the Independent Trustees may delegate to the Lead Independent Trustee. The Lead Independent Trustee is selected by the Independent Trustees and serves until his or her successor is selected. Mr. Berg serves as the Lead Independent Trustee.

The Chairman of the Board presides at all meetings of the Board, and acts as a liaison with service providers, officers, attorneys, and other Trustees. The Chair of each Board committee performs a similar role with respect to the committee. The Chairman of the Board or the Chair of a Board committee may also perform such other functions as may be delegated by the Board or the committee from time to time. The Independent Trustees meet regularly outside the presence of Trust management, in executive session or with other service providers to the Fund. The Board has regular meetings throughout the year and may hold special meetings if required before its next regular meeting. Each committee meets regularly to conduct the oversight functions delegated to that committee by the Board and reports its findings to the Board. The Board and each standing committee conduct annual assessments of their oversight function and structure. The Board has determined that the Board's leadership structure is appropriate because it allows the Board to exercise independent judgment over management and to allocate areas of responsibility among committees and the full Board to enhance effective oversight. Mr. Stowell serves as the Chairman of the Nominating Committee and Mr. Wildman serves as the Chairman of the Audit Committee.

Risk Oversight

Among the Board's general oversight and management functions is to oversee the risks of the Fund. The Fund is subject to various risks, including investment, compliance, operational and valuation risks, among others. The Board addresses its risk oversight function through different Board and committee activities. For instance, the Board has delegated the day-to-day risk management and oversight function to the Adviser, or in certain cases (subject to the Adviser's supervision) and depending on the nature of the risks to other service providers. The Board, or a committee, reviews and evaluates reports from the Adviser or service providers regarding the risks faced by the Fund and regarding the service providers' oversight and management of those risks. In addition to the delegation of the day-to-day risk management and oversight function, the committees of the Board allow the Trustees to quickly and efficiently

consider risk matters and facilitate the oversight by the Trustees of Fund activities and the risks related to those activities.

The Board has also appointed a Chief Compliance Officer (“CCO”) who oversees the implementation and evaluation of the Fund’s compliance program. James Nash of Foreside Fund Officer Services, LLC (“Foreside Officer Services”) serves as CCO of the Trust. In a joint effort between the Trust and Foreside Officer Services to ensure the Trust complies with Rule 38a-1 under the 1940 Act, Foreside Officer Services has agreed to render services to the Trust by entering into a Chief Compliance Officer Services Agreement (the “CCO Services Agreement”) with the Trust. Pursuant to the CCO Services Agreement, Foreside Officer Services designates, subject to the Trust’s approval, one of its own employees to serve as CCO of the Trust within the meaning of Rule 38a-1. Mr. Nash currently serves in such capacity under the terms of the CCO Services Agreement.

Trustees’ Qualifications.

The Nominating Committee selects and nominates persons for election or appointment by the Board as Independent Trustees. The Board has adopted the Nominating Committee Charter and Procedures, which provides the Nominating Committee with general criteria to guide the Committee’s choice of candidates to nominate to serve on the Board; however, there are no specific qualifications or requirements to serve on the Board. The Board believes that, collectively, the Trustees have balanced and diverse experience, skills, attributes and qualifications, that allow the Board to operate effectively in governing the Trust and protecting the interests of shareholders. Among the attributes common to all Trustees are their ability to review critically, evaluate, question and discuss information provided to them; to interact effectively with the Trust’s investment manager, sub-advisers, other service providers, counsel and independent auditors; and to exercise business judgment in the performance of their duties as Trustees. Each Trustee’s ability to perform his duties effectively is evidenced by his educational background or professional training; business, consulting or public service positions; experience from service as a Board member of the Trust, other investment funds, public companies or non-profit entities or other organizations; and ongoing commitment and participation in Board and committee meetings throughout the years.

While there are no specific required qualifications for Board membership, the Board believes the specific background of each Trustee is appropriate to his or her serving on the Board. The foregoing discussion and the Trustees and officers chart above are included in this Statement of Additional Information pursuant to requirements of the U.S. SEC, do not constitute holding out the Board or any Trustee as having special expertise or experience and shall not be deemed to impose any greater responsibility or liability on any Trustee by reason thereof.

H. Bruce Bond. Mr. Bond is the Chief Executive Officer of the Adviser, responsible for the firm’s strategic vision. Mr. Bond began his career in 1986 at Griffin, Kubik, Stephens and Thompson, a small boutique firm specializing in municipal bonds. In 1994 he continued his career at First Trust Portfolios as Vice President responsible for wholesale distribution of financial products across the Midwest and Florida. In 1998 Mr. Bond joined Nuveen Investments as a Managing Director to lead an effort in its Structured Products Group to develop, market and

distribute closed-end funds, unit investment trusts and exchange-traded fund products. Mr. Bond became the head of marketing for all Nuveen products before leaving to start PowerShares in early 2003. As Founder and Chief Executive Officer of PowerShares, Mr. Bond pioneered many firsts in the ETF industry. In 2006, PowerShares was acquired by Invesco, a global asset manager. Mr. Bond remained the President and Chief Executive Officer of PowerShares and Chairman of the Board of the PowerShares Funds until September of 2011. During his time at PowerShares, Mr. Bond helped develop, list and distribute over 130 fund products on various exchanges located in the United States and throughout Europe, with assets under management in excess of \$80 billion.

Mark Berg. As President and Founding Principal of Timothy Financial Counsel Inc., Mr. Berg's primary role is the leadership and management of Timothy Financial Counsel Inc. He is the primary advisor for select clients, but also oversees the financial planning process for all Timothy Financial clients. Mr. Berg has served in the fee-only financial planning industry since 1995. He holds a BA in Economics from Wheaton College and is a Certified Financial Planner™ practitioner. He is also a NAPFA Registered Financial Advisor where he has served as the Regional President and Chair, as well as on the National Board of Directors. He speaks regularly at conferences on financial planning and practice management. He has been interviewed and/or quoted by a variety of publications, such as Dow Jones Newswire, The Wall Street Journal, Reader's Digest, and Kiplinger's and has been interviewed on NBC television.

Joe Stowell. Mr. Stowell is currently the COO of Woodmen Valley Chapel in Colorado Springs, Colorado. He oversees the financial, human resources and congregational management of this multi-campus organization. Prior to joining Woodman in September of 2015, Mr. Stowell served for eight years as the Executive Vice President/COO of the English Language Institute/China (ELIC), a global educational non-profit focused primarily in Asia and the Middle East. Before his work in the non-profit business management sector, Joe traded futures, options and swaps for over a decade, focusing on currencies and bonds both in the US and abroad for McNamara Trading and Chicago Research & Trade. He was on trading floors and desks in Chicago, New York and Tokyo.

Brian J. Wildman. Mr. Wildman is Executive Vice President, Consumer Banking of MB Financial Bank (Bank), a position he has held since March 2016. Mr. Wildman is also a director of the Bank. From April 2013 to March 2016, Mr. Wildman was responsible for Risk Management and was the Chief Risk Officer. Prior to April 2013, Mr. Wildman was responsible for the Bank's Wealth Management and Commercial Services groups. Prior to joining the Bank in 2003, he was First Vice President of Bank One and served in various management positions with its predecessor organization, American National Bank and Trust Company of Chicago, since 1988. Mr. Wildman is a member of the Board of Trustees of Missionary Furlough Homes, Inc. Additionally, Mr. Wildman serves as the "audit committee financial expert" for the Board.

Share Ownership

The following table provides the dollar range of equity securities beneficially owned by the Board members on March 31, 2018.

Trustee	Aggregate Dollar Range of Equity Securities of the Fund	Aggregate Dollar Range of Equity Securities in all Funds Overseen Within Innovator Fund Complex
H. Bruce Bond	None	Over \$100,000
Mark Berg	None	\$10,001 – \$50,000
Joe Stowell	None	None
Brian J. Wildman	None	None

Trustee Compensation

Each Independent Trustee is paid a fixed annual retainer of \$10,000 per year. The fixed annual retainer is allocated pro rata among each Fund in the Innovator Fund Complex. Trustees are also reimbursed by the investment companies in the Innovator Fund Complex for travel and out of pocket expenses incurred in connection with all meetings.

The following table sets forth the estimated compensation (including reimbursement for travel and out-of-pocket expenses) to be paid by the Fund and by the Innovator Fund Complex to the Trustees for their services to the Fund for one fiscal year. Only the Trustees of the Trust who are not “interested persons” of the Trust or the Adviser, as defined by the 1940 Act (the “Independent Trustees”), receive compensation from the Fund. The Trust has no retirement or pension plans. The Trust has no employees. Its officers are compensated by Innovator Capital Management, LLC.

Trustee	Estimated Compensation from the Fund	Compensation from the Innovator Fund Complex
H. Bruce Bond	None	None
Mark Berg	\$3,333	\$10,000
Joe Stowell	\$3,333	\$10,000
Brian J. Wildman	\$3,333	\$10,000

Board Committees

The Board has the following committees:

Audit Committee: This committee monitors accounting and financial reporting policies and practice, and internal controls for the Trust. It also oversees the quality and objectivity of the Trust’s financial statements and the independent audit thereof, and acts as a liaison between the Trust’s independent registered public accounting firm and the full Board. The Trust’s Audit Committee consists of the Independent Trustees.

Nominating Committee: This committee recommends Board members, fills vacancies and considers the qualifications of Board members. The committee will consider shareholder recommendations for nomination to the Board only in the event that there is a vacancy on the Board. Shareholders who wish to submit recommendations for nominations to the Board to fill a

vacancy must submit their recommendations in writing to the Nominating Committee, c/o Innovator ETFs Trust, 120 North Hale Street, Suite 200, Wheaton, Illinois 60187. Shareholders should include appropriate information on the background and qualifications of any person recommended (e.g., a resume), as well as the candidate's contact information and a written consent from the candidate to serve if nominated and elected. Shareholder recommendations for nominations to the Board will be accepted on an ongoing basis and such recommendations will be kept on file for consideration when there is a vacancy on the Board. The committee consists of the Independent Trustees.

Codes of Ethics

The Trust, the Adviser and the Sub-Adviser have adopted a Code of Ethics in compliance with the requirements of Rule 17j-1 under the 1940 Act, which governs personal securities transactions. Under the Code of Ethics, persons subject to the Code of Ethics are permitted to engage in personal securities transactions, including securities that may be purchased or held by the Fund, subject to the requirements set forth in Rule 17j-1 under the 1940 Act and certain other procedures set forth in the Code of Ethics. The Code of Ethics is on public file with, and is available from, the SEC.

Proxy Voting Policies

The Trust has adopted a proxy voting policy that seeks to ensure that proxies for securities held by the Fund are voted consistently with the best interests of the Fund.

The Board has delegated to Innovator the proxy voting responsibilities for the Fund and has directed Innovator to vote proxies consistent with the Fund's best interests. In order to facilitate the proxy voting process, Broadridge Investor Communication Solutions, Inc. ("Broadridge") has been retained to provide access to a selection of third-party providers that are available to provide proxy vote recommendations and research. Votes are cast through the Broadridge ProxyEdge® platform ("ProxyEdge"). With the assistance of Broadridge, Egan-Jones Proxy Services ("Egan-Jones") has been selected to provide vote recommendations based on its own internal guidelines. The services provided to Innovator through Egan Jones include access to Egan-Jones' research analysis and their voting recommendations. Services provided to Innovator through ProxyEdge include receipt of proxy ballots, vote execution based upon the recommendations of Egan-Jones, access to the voting recommendations of Egan-Jones, as well as reporting, auditing, working with custodian banks, and consulting assistance for the handling of proxy voting responsibilities. ProxyEdge also maintains proxy voting records and provides Innovator with reports that reflect the proxy voting activities of client portfolios.

The fundamental guideline followed by Innovator in voting proxies is to make every effort to confirm that the manner in which shares are voted is in the best interest of clients and the value of the investment. Absent special circumstances of the types described below, it is the policy of Adviser to exercise its proxy voting discretion in accordance with the Egan-Jones Proxy Voting Principles and Guidelines set forth in Exhibit A.

Information regarding how the Fund voted proxies (if any) relating to portfolio securities during the most recent 12-month period ended June 30 is available upon request and without charge on the Fund's website at <https://www.amplifyetfs.com>, by calling (800) 208-5212 or by accessing the SEC's website at <https://www.sec.gov>.

INVESTMENT ADVISER AND OTHER SERVICE PROVIDERS

Investment Adviser

Innovator Capital Management, LLC, located at 120 North Hale Street, Suite 200, Wheaton, Illinois 60187, furnishes investment management services to the Fund, subject to the supervision and direction of the Board. Substantially all of the interests of the Adviser are owned by Messrs. H. Bruce Bond, John Wilder Southard, Jr. and Jeffrey Brown. The Adviser is controlled by a Board of Managers which currently consists of Mr. Bond, Mr. Southard and Mr. Brown. Mr. Bond controls the Board of Managers by virtue of his majority ownership of the Adviser. Mr. Southard owns in excess of twenty-five percent of the Adviser and Mr. Brown owns a minority interest in the Adviser. The Adviser compensates all officers (including the chief compliance officer) and employees of the Adviser who are affiliated with both the Adviser and the Trust. The Adviser is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940, as amended.

Pursuant to an investment management agreement between the Adviser and the Trust (the "Investment Management Agreement"), the Adviser will oversee the investment of the Fund's assets by the Sub-Adviser and will be responsible for paying all expenses of the Fund, excluding the fee payments under the Investment Management Agreement, interest, taxes, brokerage commissions, acquired fund fees and expenses and other expenses connected with the execution of portfolio transactions, distribution and service fees payable pursuant to a Rule 12b-1 plan, if any, and extraordinary expenses. The Fund has agreed to pay the Adviser an annual management fee equal to 0.70% of its average daily net assets.

Sub-Adviser

Penserra Capital Management LLC, located at 140 Broadway, 26th Floor, New York, NY 10005, is responsible for implementing the Fund's investment program by, among other things, trading portfolio securities and performing related services, rebalancing the Fund's portfolio, and providing cash management services in accordance with the investment advice formulated by, and model portfolios delivered by, the Adviser, subject to the ultimate supervision and direction of the Board of Trustees.

Pursuant to an investment sub-advisory agreement between the Adviser, Sub-Adviser and the Trust, on behalf of the Fund (the "Investment Sub-Advisory Agreement"), the Sub-Adviser will manage the investment of the Fund's assets. Pursuant to the Investment Sub-Advisory Agreement, the Sub-Adviser receives an annual fee that is equal to the greater of \$20,000 or 0.05% per annum of the average net assets of the Fund on the first \$500 million assets under management, 0.04% on the next \$500 million in assets under management (\$500,000,001 - \$1 billion) and 0.03% on all remaining assets under management (greater than \$1 billion). The

Adviser is responsible for paying the entire amount of the Sub-Adviser's fee for the Fund. The Fund does not directly pay the Sub-Adviser.

The Adviser and the Trust requested and received an exemptive order from the SEC on which exempts the Adviser and the Trust from certain of the shareholder approval requirements of Section 15(a) of the 1940 Act and allowed the Board, subject to certain conditions, to appoint a new, unaffiliated sub-advisor and approve a new investment sub-advisory agreement on behalf of the Trust without shareholder approval.

Distributor

Foreside Fund Services, LLC, located at Three Canal Plaza, Suite 100, Portland, ME 04101, serves as the principal underwriter of the Shares under a Distribution Agreement (the "Distribution Agreement"). The Distributor has entered into an agreement with the Trust pursuant to which it distributes Shares (the "Distribution Agreement"). The Distributor continually distributes Shares on a best effort basis. The Distributor has no obligation to sell any specific quantity of Shares. The Distribution Agreement is renewable annually. Shares are continuously offered for sale by the Fund through the Distributor only in Creation Units, as described in the Fund's Prospectus and this SAI. Shares amounting to less than a Creation Unit are not distributed by the Distributor. The Distributor is a broker-dealer registered under the Exchange Act and a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Distributor, its affiliates and officers have no role in determining the investment policies or which securities are to be purchased or sold by the Fund. The Distributor is not affiliated with the Trust, the Adviser, the Sub-Adviser, or any stock exchange.

The Distribution Agreement for the Fund provides that it may be terminated at any time, without the payment of any penalty, on at least 60 days' prior written notice to the other party (i) by vote of a majority of the Independent Trustees or (ii) by vote of a majority of the outstanding voting securities (as defined in the 1940 Act) of the Fund. The Distribution Agreement will terminate automatically in the event of its "assignment," as that term is defined in the 1940 Act.

Fund Administrator

General Information. The Administrator and Fund Accountant for the Fund is U.S. Bancorp Fund Services, LLC (the "Administrator"), which has its principal office at 615 East Michigan Street, Milwaukee, Wisconsin 53202 and is primarily in the business of providing administrative, fund accounting and stock transfer services to retail and institutional mutual funds. The Administrator performs these services pursuant to two separate agreements, a Fund Administration Servicing Agreement and a Fund Accounting Servicing Agreement.

Administration Agreement. Pursuant to the Fund Administration Servicing Agreement ("Administration Agreement") with the Fund, the Administrator provides all administrative services necessary for the Fund, other than those provided by the Adviser, subject to the supervision of the Fund's Board. Employees of the Administrator generally will not be officers of the Fund for which they provide services.

The Administration Agreement is terminable by the Board or the Administrator on ninety (90) days' written notice and may be assigned provided the non-assigning party provides prior written consent. The Administration Agreement shall remain in effect for three years from the date of its initial approval, unless amended, and its renewal is subject to approval of the Board for periods thereafter. The Administration Agreement provides that in the absence of the Administrator's refusal or willful failure to comply with the Agreement or bad faith, negligence or willful misconduct on the part of the Administrator, the Administrator shall not be liable for any action or failure to act in accordance with its duties thereunder.

Under the Administration Agreement, the Administrator provides all administrative services, including, without limitation: (i) providing services of persons competent to perform such administrative and clerical functions as are necessary to provide effective administration of the Fund; (ii) overseeing the performance of administrative and professional services to the Fund by others, including the Fund's Custodian; (iii) preparing, but not paying for, the periodic updating of the Fund's Registration Statement, Prospectus and Statement of Additional Information in conjunction with Fund counsel, including the printing of such documents for the purpose of filings with the SEC and state securities administrators, preparing the Fund's tax returns, and preparing reports to the Fund's shareholders and the SEC; (iv) calculation of yield and total return for the Fund; (v) monitoring and evaluating daily income and expense accruals, and sales and redemptions of Shares of the Fund; (vi) preparing in conjunction with Fund counsel, but not paying for, all filings under the securities or "Blue Sky" laws of such states or countries as are designated by the Distributor, which may be required to register or qualify, or continue the registration or qualification, of the Fund and/or its Shares under such laws; (vii) preparing notices and agendas for meetings of the Fund's Board and minutes of such meetings in all matters required by the 1940 Act to be acted upon by the Board; and (viii) monitoring periodic compliance with respect to all requirements and restrictions of the 1940 Act, the Internal Revenue Code and the Prospectus.

For the administrative services rendered to the Fund by the Administrator, the Fund pays the Administrator an asset-based fee plus certain out-of-pocket expenses.

Accounting Agreement. The Fund Accountant, pursuant to the Fund Accounting Servicing Agreement ("Accounting Agreement"), provides the Fund with all accounting services, including, without limitation: (i) daily computation of NAV; (ii) maintenance of security ledgers and books and records as required by the 1940 Act; (iii) production of the Fund's listing of portfolio securities and general ledger reports; (iv) reconciliation of accounting records; and (v) maintaining certain books and records described in Rule 31a-1 under the 1940 Act, and reconciling account information and balances among the Fund's Custodian and Adviser.

For the fund accounting services rendered to the Fund by the Fund Accountant, the Fund pays the Fund Accountant an asset-based fee plus certain out-of-pocket expenses, including pricing expenses.

Custodian, Transfer Agent and Dividend Agent

U.S. Bank, N.A., Custody Operations, 1555 N. River Center Drive, Suite 302, Milwaukee, Wisconsin 53212, serves as custodian for the Fund's cash and securities. Pursuant to a Custodian Servicing Agreement with the Fund, it is responsible for maintaining the books and records of the Fund's portfolio securities and cash. The Custodian receives a minimum annual fee of \$4,000 or 0.0040% of the average daily market value of the Fund, whichever is greater. The Custodian is also entitled to certain out-of-pocket expenses and portfolio transaction fees. The Custodian does not assist in, and is not responsible for, investment decisions involving assets of the Fund. U.S. Bancorp Fund Services, LLC, the Fund's Administrator, also acts as the Fund's transfer and dividend agent. U.S. Bancorp Fund Services, LLC has its principal office at 615 East Michigan Street, Milwaukee, Wisconsin 53202.

Legal Counsel

Chapman and Cutler LLP, 111 West Monroe Street, Chicago, Illinois 60603 serves as the Trust's legal counsel.

Independent Registered Public Accounting Firm

Cohen & Company, Ltd., located at 1350 Euclid Avenue, Suite 800, Cleveland, Ohio 44115, has been selected as the independent registered public accounting firm for the Trust. As such, they are responsible for auditing the Trust's annual financial statements.

PORTFOLIO MANAGERS

Other Accounts Managed

The following chart lists certain information about types of other accounts for which the portfolio managers are primarily responsible as of March 31, 2018. None of the accounts managed by the portfolio managers pay an advisory fee that is based upon the performance of the account.

	Registered Investment Companies # of Accounts (\$ Assets)	Other Pooled Investment Vehicles # of Accounts (\$ Assets)	Other Accounts # of Accounts (\$ Assets)
Dustin Lewellyn	14 (\$1.37 billion)	N/A	N/A
Ernesto Tong	14 (\$1.37 billion)	N/A	N/A
Anand Desai	14 (\$1.37 billion)	N/A	N/A

Description of Potential Material Conflicts of Interest

The portfolio managers have day-to-day management responsibilities with respect to other investments accounts and, accordingly, may be presented with potential or actual conflicts of interest.

The management of other accounts may result in the portfolio manager devoting unequal time and attention to the management of the Fund and/or other accounts. In approving the Investment Advisory Agreement and Sub-Advisory Agreement, the Board was satisfied that the portfolio managers would be able to devote sufficient attention to the management of the Fund and that the Adviser and Sub-Adviser seek to manage such competing interests for the time and attention of the portfolio managers.

With respect to securities transactions for the Fund, the Sub-Adviser determines which broker to use to execute each transaction, consistent with its duty to seek best execution of the transaction. For buy or sell transactions considered simultaneously for the Fund and other accounts, orders are placed at the same time. The Sub-Adviser uses its best efforts to ensure that no client is treated unfairly in relation to any other client over time in the allocation of securities or the order of the execution of transactions. The Sub-Adviser generally allocates trades on the basis of assets under management so that the securities positions represent equal exposure as a percentage of total assets of each client. The Fund and client accounts are not generally invested in thinly traded or illiquid securities; therefore, conflicts in fulfilling investment opportunities are to some extent minimized. If an aggregated trade order is not substantially filled, it will generally be allocated pro rata.

Other than the general potential conflicts noted above, the portfolio managers are not subject to any other specific potential conflicts of interest.

Compensation

Mr. Lewellyn's portfolio management compensation includes a salary and discretionary bonus based on the profitability of the Sub-Adviser. No compensation is directly related to the performance of the underlying assets. Mr. Tong receives from Penserra a fixed base salary and discretionary bonus, and he is also eligible to participate in a retirement plan and to receive an equity interest in Penserra. Mr. Tong's compensation is based on the performance and profitability of Penserra and his individual performance with respect to following a structured investment process. Mr. Desai receives from Penserra a fixed base salary and discretionary bonus, and is also eligible to participate in a retirement plan. Mr. Desai's compensation is based on the performance and profitability of Penserra and his individual performance with respect to following a structured investment process.

Investments in the Fund

As of July 20, 2018, none of the portfolio managers beneficially owned any Shares.

TRADING AND BROKERAGE

The Adviser is responsible for the management of the Fund and has delegated trade execution responsibilities to the Sub-Adviser. The Sub-Adviser is responsible for selecting brokers and dealers to effect purchases or sales of securities for the accounts of the Fund. In selecting such brokers, the Sub-Adviser seeks best execution of orders at the most favorable price in light of the overall quality of brokerage and research services provided, as described in this and the following paragraph. In selecting brokers to effect portfolio transactions, the determination of what is expected to result in best execution at the most favorable price involves a number of largely judgmental considerations. Among these considerations is the Sub-Adviser's evaluation of a broker's efficiency in executing and clearing transactions; block trading capability (including a broker's willingness to position securities); familiarity with the security; and financial strength and stability. The most favorable price to the Fund means the best net price without regard to the mix between purchase or sale price and commission, if any.

The Sub-Adviser may also take into consideration the research, analytical, statistical and other information and services provided by the broker (such as general economic reports and information, reports or analyses of particular companies or industry groups and technical information) and the availability of the brokerage firm's analysts for consultation in allocating the Fund's brokerage. While the Sub-Adviser believes these services have substantial value, they are considered supplemental to the Sub-Adviser's own efforts in the performance of its duties under the Sub-Advisory Agreement and, to the extent these services are used, it will be on a limited basis. As permitted by the Sub-Advisory Agreement and in accordance with Section 28(e) of the 1934 Act, the Sub-Adviser may pay brokers higher brokerage commissions than might be available from other brokers if the Sub-Adviser determines in good faith that such amount paid is reasonable in relation to the value of the overall quality of the brokerage, research and other services provided viewed in terms of either the particular transactions or the Sub-Adviser's overall responsibilities with respect to the accounts over which it exercises investment discretion. Brokerage and research services include (i) furnishing advice as to the value of securities, the advisability of investing, purchasing or selling securities, and the availability of securities or purchasers or sellers of securities; (ii) furnishing analyses and reports concerning issuers, industries, securities, economic factors and trends, portfolio strategy, and the performance of accounts; and (iii) effecting securities transactions and performing functions incidental thereto (such as clearance, settlement, and custody). Such brokerage and research services are often referred to as "soft dollars." Penserra has advised the Board of Trustees that it does not currently intend to use soft dollars.

CAPITAL STRUCTURE

The Trust currently has authorized and allocated to the Fund an unlimited number of shares of beneficial interest with no par value. The Trustees of the Trust may, at any time and from time to time, by resolution, authorize the establishment and division of additional shares of the Trust into an unlimited number of series and the division of any series (including the Fund) into two or more classes. When issued in accordance with the Trust's registration statement, governing instruments and applicable law (all as may be amended from time to time), all of the Trust's shares are fully paid and non-assessable. Shares do not have preemptive rights.

All Shares of the Fund represent an undivided proportionate interest in the assets of the Fund. Shareholders of the Trust are entitled to one vote for each full share and to a proportionate fractional vote for each fractional Share standing in the shareholder's name on the books of the Trust. However, matters affecting only one particular fund or class can be voted on only by shareholders in such fund or class. The shares of the Trust are not entitled to cumulative voting, meaning that holders of more than 50% of the Trust's shares may elect the entire Board. All shareholders are entitled to receive dividend and/or capital gains when and as declared by the Trustees from time to time and as discussed in the Prospectus.

Book Entry Only System. The following information supplements and should be read in conjunction with the section of the Prospectus entitled "Book Entry."

DTC Acts as Securities Depository for Fund Shares. Shares of the Fund are represented by securities registered in the name of DTC or its nominee and deposited with, or on behalf of, DTC.

DTC, a limited-purpose trust company, was created to hold securities of its participants (the "DTC Participants") and to facilitate the clearance and settlement of securities transactions among the DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. More specifically, DTC is owned by a number of its DTC Participants and by the NYSE, NYSE MKT and the Financial Industry Regulatory Authority. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the "Indirect Participants").

Beneficial ownership of Shares is limited to DTC Participants, Indirect Participants and persons holding interests through DTC Participants and Indirect Participants. Ownership of beneficial interests in Shares (owners of such beneficial interests are referred to herein as "Beneficial Owners") is shown on, and the transfer of ownership is effected only through, records maintained by DTC (with respect to DTC Participants) and on the records of DTC Participants (with respect to Indirect Participants and Beneficial Owners that are not DTC Participants). Beneficial Owners will receive from or through the DTC Participant a written confirmation relating to their purchase and sale of Shares. No Beneficial Owner shall have the right to receive a certificate representing such Shares.

Conveyance of all notices, statements and other communications to Beneficial Owners is effected as follows. Pursuant to the Depository Agreement between the Trust and DTC, DTC is required to make available to the Trust upon request and for a fee to be charged to the Trust a listing of the Shares of the Fund held by each DTC Participant. The Trust shall inquire of each such DTC Participant as to the number of Beneficial Owners holding Shares, directly or indirectly, through such DTC Participant. The Trust shall provide each such DTC Participant with copies of such notice, statement or other communication, in such form, number and at such place as such DTC Participant may reasonably request, in order that such notice, statement or

communication may be transmitted by such DTC Participant, directly or indirectly, to such Beneficial Owners. In addition, the Trust shall pay to each such DTC Participant a fair and reasonable amount as reimbursement for the expenses attendant to such transmittal, all subject to applicable statutory and regulatory requirements.

Fund distributions shall be made to DTC or its nominee, Cede & Co., as the registered holder of all Fund Shares. DTC or its nominee, upon receipt of any such distributions, shall immediately credit DTC Participants' accounts with payments in amounts proportionate to their respective beneficial interests in Shares of the Fund as shown on the records of DTC or its nominee. Payments by DTC Participants to Indirect Participants and Beneficial Owners of Shares held through such DTC Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in a "street name," and will be the responsibility of such DTC Participants.

The Trust has no responsibility or liability for any aspect of the records relating to or notices to Beneficial Owners, or payments made on account of beneficial ownership interests in such Shares, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests, or for any other aspect of the relationship between DTC and the DTC Participants or the relationship between such DTC Participants and the Indirect Participants and Beneficial Owners owning through such DTC Participants. DTC may decide to discontinue providing its service with respect to Shares at any time by giving reasonable notice to the Trust and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, the Trust shall take action to find a replacement for DTC to perform its functions at a comparable cost.

CREATION AND REDEMPTION OF CREATION UNIT AGGREGATIONS

Creation

The Trust issues and sells Shares of the Fund only in Creation Unit Aggregations on a continuous basis through the Distributor, without a sales load, at the NAV determined on the next Business Day (as defined below), of an order in proper form. Orders are placed in "proper form" when the orders comply with the order processing procedures identified in the Authorized Participant Agreement for creation or redemption of Shares of the Fund.

A "Business Day" is any day on which the NYSE is open for business. As of the date of this SAI, the NYSE observes the following holidays: New Year's Day, Martin Luther King, Jr. Day, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Deposit of Securities and Deposit or Delivery of Cash. The consideration for purchase of Creation Unit Aggregations of the Fund generally consists of the in-kind deposit of a designated portfolio of equity securities—the "Deposit Securities"—per each Creation Unit Aggregation constituting a substantial replication, or a representation, of the securities included in the Fund's portfolio and an amount of cash—the "Cash Component"—computed as described below.

Together, the Deposit Securities and the Cash Component constitute the “Fund Deposit,” which represents the minimum initial and subsequent investment amount for a Creation Unit Aggregation of the Fund.

The Cash Component is sometimes also referred to as the Balancing Amount. The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit Aggregation and the Deposit Amount (as defined below). The Cash Component is an amount equal to the difference between the NAV of the Fund Shares (per Creation Unit Aggregation) and the “Deposit Amount”—an amount equal to the market value of the Deposit Securities. If the Cash Component is a positive number (*i.e.*, the NAV per Creation Unit Aggregation exceeds the Deposit Amount), the creator will deliver the Cash Component. If the Cash Component is a negative number (*i.e.*, the NAV per Creation Unit Aggregation is less than the Deposit Amount), the creator will receive the Cash Component.

The Custodian, through the NSCC (discussed below), makes available on each Business Day, prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern time), the list of the names and the required number of shares of each Deposit Security to be included in the current Fund Deposit (based on information at the end of the previous Business Day) for the Fund. Such Fund Deposit is applicable, subject to any adjustments as described below, in order to effect creations of Creation Unit Aggregations of the Fund until such time as the next announced composition of the Deposit Securities is made available.

The identity and number of shares of the Deposit Securities required for a Fund Deposit for the Fund changes as rebalancing adjustments and corporate action events are reflected from time to time by the Sub-Adviser to the Fund with a view to the investment objective of the Fund. In addition, the Trust reserves the right to permit or require the substitution of an amount of cash – *i.e.*, a “cash in lieu” amount – to be added to the Cash Component to replace any Deposit Security which may not be available in sufficient quantity for delivery or which may not be eligible for transfer through the Clearing Process (discussed below), or which may not be eligible for trading by an Authorized Participant (as defined below) or the investor for which it is acting. The Trust also reserves the right to offer an “all cash” option for creations of Creation Units for the Fund.

In addition to the list of names and numbers of securities constituting the current Deposit Securities of a Fund Deposit, the Administrator, through the NSCC, also makes available on each Business Day, the estimated Cash Component, effective through and including the previous Business Day, per outstanding Creation Unit of the Fund.

Procedures for Creation of Creation Units. To be eligible to place orders with the Distributor to create a Creation Unit of the Fund, an entity must be (i) a “Participating Party,” *i.e.*, a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the NSCC (the “Clearing Process”), a clearing agency that is registered with the SEC; or (ii) a DTC Participant (see “Book Entry Only System”), and, in each case, must have executed an agreement with the Trust, the Distributor and the Administrator with respect to creations and redemptions of Creation Units (“Participant Agreement”) (discussed below). A Participating Party and DTC Participant are collectively referred to as an “Authorized

Participant.” Investors should contact the Distributor for the names of Authorized Participants that have signed a Participant Agreement with the Fund. All Shares of the Fund, however created, will be entered on the records of DTC in the name of Cede & Co. for the account of a DTC Participant.

All orders to create Creation Units must be placed for one or more Creation Unit size aggregations of at least 50,000 Shares. All orders to create Creation Units, whether through the Clearing Process (through a Participating Party) or outside the Clearing Process (through a DTC Participant), must be submitted as a “Future Dated Traded” set for one or more Creation Units between 4:30 p.m. Eastern Time and 5:30 p.m. Eastern Time (the “Order Window”) in the manner set forth in the Participant Agreement and/or applicable order form. The Business Day on which an order to create Creation Units (or an order to redeem Creation Units as discussed below) is submitted is referred to as the “Submission Date.” The Business Day immediately following the Submission Date (or an order to redeem Creation Units as discussed below) is referred to as the “Transmittal Date.” Properly submitted orders will receive the Transmittal Date’s NAV per Creation Unit. Orders must be transmitted by an Authorized Participant by telephone or other transmission method acceptable to the Distributor pursuant to procedures set forth in the Participant Agreement, as described below (see “Placement of Creation Orders Using Clearing Process” and “Placement of Creation Orders Outside Clearing Process”). Severe economic or market disruptions or changes, or telephone or other communication failure, may impede the ability to reach the Distributor or an Authorized Participant.

Orders to create Creation Units of the Fund shall be placed with an Authorized Participant, as applicable, in the form required by such Authorized Participant. In addition, the Authorized Participant may request the investor to make certain representations or enter into agreements with respect to the order, *i.e.*, to provide for payments of cash, when required. Investors should be aware that their particular broker may not have executed a Participant Agreement and, therefore, orders to create Creation Units of the Fund have to be placed by the investor’s broker through an Authorized Participant that has executed a Participant Agreement. At any given time there may be only a limited number of broker-dealers that have executed a Participant Agreement. Those placing orders for Creation Unit Aggregations through the Clearing Process should afford sufficient time to permit proper submission of the order to the Distributor prior to the end of the Order Window on the Submission Date.

Orders for creation that are effected outside the Clearing Process are likely to require transmittal by the DTC Participant earlier on the Transmittal Date than orders effected using the Clearing Process. Those persons placing orders outside the Clearing Process should ascertain the deadlines applicable to DTC and the Federal Reserve Bank wire system by contacting the operations department of the broker or depository institution effecting such transfer of Deposit Securities and Cash Component.

Placement of Creation Orders Using the Clearing Process. The Clearing Process is the process of creating or redeeming Creation Units through the Continuous Net Settlement System of the NSCC. Fund Deposits made through the Clearing Process must be delivered through a Participating Party that has executed a Participant Agreement. The Participant Agreement

authorizes the Distributor to transmit through the Fund's transfer agent to NSCC, on behalf of the Participating Party, such trade instructions as are necessary to effect the Participating Party's creation order. Pursuant to such trade instructions to NSCC, the Participating Party agrees to deliver the requisite Deposit Securities and the Cash Component to the Trust, together with such additional information as may be required by the Distributor. An order to create Creation Units through the Clearing Process is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor during the Order Window on the Submission Date and (ii) all other procedures set forth in the Participant Agreement are properly followed. The delivery of Creation Unit Aggregations so created will occur no later than the second Business Day following the Transmittal Date (T+2).

Placement of Creation Orders Outside the Clearing Process. Fund Deposits made outside the Clearing Process must be delivered through a DTC Participant that has executed a Participant Agreement with the Trust, the Distributor and the Administrator. A DTC Participant who wishes to place an order creating Creation Units to be effected outside the Clearing Process need not be a Participating Party, but such orders must state that the DTC Participant is not using the Clearing Process and that the creation of Creation Units will instead be effected through a transfer of securities and cash directly through DTC. A Fund Deposit transfer must be ordered by the DTC Participant on the Submission Date in a timely fashion so as to ensure the delivery of the requisite number of Deposit Securities through DTC to the account of the Trust by no later than 11:00 a.m., Eastern Time, of the next Business Day immediately following the Transmittal Date. All questions as to the number of Deposit Securities to be delivered, and the validity, form and eligibility (including time of receipt) for the deposit of any tendered securities, will be determined by the Trust, whose determination shall be final and binding. The cash equal to the Cash Component must be transferred directly to the Administrator through the Federal Reserve wire system in a timely manner so as to be received by the Administrator no later than 2:00 p.m., Eastern Time, on the next Business Day immediately following the Transmittal Date. An order to create Creation Units outside the Clearing Process is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor during the Order Window on the Submission Date; and (ii) all other procedures set forth in the Participant Agreement are properly followed. However, if the Administrator does not receive both the requisite Deposit Securities and the Cash Component by 11:00 a.m. and 2:00 p.m., respectively, on the next Business Day immediately following the Transmittal Date, such order will be cancelled. Upon written notice to the Distributor, such cancelled order may be resubmitted the following Business Day using a Fund Deposit as newly constituted to reflect the then current NAV of the Fund. The delivery of Creation Unit Aggregations so created will occur no later than the second Business Day following the Transmittal Date (T+2).

Creation Units may be created in advance of receipt by the Trust of all or a portion of the applicable Deposit Securities as described below. In these circumstances, the initial deposit will have a value greater than the NAV of the Shares on the Transmittal Date in proper form since in addition to available Deposit Securities, cash must be deposited in an amount equal to the sum of (i) the Cash Component, plus (ii) 105% of the market value of the undelivered Deposit Securities (the "Additional Cash Deposit"). The order shall be deemed to be received on the Submission Date provided that the order is placed in proper form during the Order Window on such date and federal funds in the appropriate amount are deposited with the Administrator by 11:00 a.m.,

Eastern Time, on the Business Day following the Transmittal Date. If the order is not placed in proper form during the Order Window on the Submission Date or federal funds in the appropriate amount are not received by 11:00 a.m. on the Business Day following the Transmittal Date, then the order may be deemed to be rejected and the investor shall be liable to the Trust for losses, if any, resulting therefrom. An additional amount of cash shall be required to be deposited with the Trust, pending delivery of the missing Deposit Securities to the extent necessary to maintain the Additional Cash Deposit with the Trust in an amount at least equal to 105% of the daily marked to market value of the missing Deposit Securities. To the extent that missing Deposit Securities are not received by 1:00 p.m., Eastern Time, on the second Business Day following the Transmittal Date or in the event a mark to market payment is not made within one Business Day following notification by the Distributor that such a payment is required, the Trust may use the cash on deposit to purchase the missing Deposit Securities. Authorized Participants will be liable to the Trust for the costs incurred by the Trust in connection with any such purchases. These costs will be deemed to include the amount by which the actual purchase price of the Deposit Securities exceeds the market value of such Deposit Securities on the Transmittal Date by the Distributor plus the brokerage and related transaction costs associated with such purchases. The Trust will return any unused portion of the Additional Cash Deposit once all of the missing Deposit Securities have been properly received by the Administrator or purchased by the Trust and deposited into the Trust. In addition, a transaction fee will be charged in all cases. The delivery of Creation Units of the Fund so created will occur no later than the second Business Day following the Transmittal Date. However, as discussed in Appendix B, the Fund reserves the right to settle Creation Unit transactions on a basis other than the second Business Day following the Transmittal Date to accommodate foreign market holiday schedules, to account for different treatment among foreign and U.S. markets of dividend record dates and ex-dividend dates (that is the last day the holder of a security can sell the security and still receive dividends payable on the security), and in certain other circumstances. The Authorized Participant shall be liable to the Fund for losses, if any, resulting from unsettled orders.

Acceptance of Orders for Creation Units. The Trust reserves the absolute right to reject a creation order transmitted to it by the Distributor in respect of the Fund if (a) the order is not in proper form; (b) the investor(s), upon obtaining the Shares ordered, would own 80% or more of the currently outstanding Shares of the Fund; (c) the Deposit Securities delivered are not as disseminated through the facilities of the Exchange for that date by the Administrator, as described above; (d) acceptance of the Deposit Securities or Cash Purchase Amount would have certain adverse tax consequences to the Fund; (e) the acceptance of the Fund Deposit or Cash Purchase Amount would, in the opinion of counsel, be unlawful; (f) the acceptance of the Fund Deposit or Cash Purchase Amount would otherwise, in the discretion of the Trust or the Adviser, have an adverse effect on the Trust or the rights of beneficial owners; or (g) in the event that circumstances outside the control of the Trust, the Distributor and the Adviser make it for all practical purposes impossible to process creation orders. Examples of such circumstances include acts of God or public service or utility problems such as fires, floods, extreme weather conditions and power outages resulting in telephone, telecopy and computer failures; market conditions or activities causing trading halts; systems failures involving computer or other information systems affecting the Trust, the Adviser, the Distributor, DTC, NSCC or any other participant in the creation process, and similar extraordinary events. The Distributor shall notify

a prospective creator of a Creation Unit and/or the Authorized Participant acting on behalf of the creator of a Creation Unit of its rejection of the order of such person. The Trust, the Administrator and the Distributor are under no duty, however, to give notification of any defects or irregularities in the delivery of Fund Deposits or Cash Purchase Amounts nor shall either of them incur any liability for the failure to give any such notification.

All questions as to the number of shares of each security in the Deposit Securities and the validity, form, eligibility and acceptance for deposit of any securities to be delivered shall be determined by the Trust, and the Trust's determination shall be final and binding.

Creation Transaction Fee. To compensate the Trust for transfer and other transaction costs involved in creation transactions through the Clearing Process, investors will be required to pay a minimum creation transaction fee, assessed per transaction, as follows:

Creation Transaction Fee*
\$500

* To the extent a Creation Unit consists of more than 100 securities, an additional Creation Transaction Fee may be charged to Authorized Participants to the next highest \$500 increment at the following rates: (i) \$5 per book-entry security settled via the NSCC's CNS; and (ii) \$15 per security for "in-kind" settlements settled outside the NSCC, and all physical settlements, including options, futures and other derivatives.

The Fund, subject to approval by the Board, may adjust the fee from time to time based upon actual experience. Investors who use the services of a broker or other such intermediary in addition to an Authorized Participant to effect a creation of a Creation Unit may be charged a fee for such services.

Redemption

Shares may be redeemed only in Creation Units at the NAV next determined on the Transmittal Date through the Administrator and only on a Business Day. The Trust will not redeem Shares in amounts less than Creation Units. Beneficial Owners must accumulate enough Shares in the secondary market to constitute a Creation Unit in order to have such Shares redeemed by the Trust. There can be no assurance, however, that there will be sufficient liquidity in the public trading market at any time to permit assembly of a Creation Unit. Investors should expect to incur brokerage and other costs in connection with assembling a sufficient number of Shares to constitute a redeemable Creation Unit.

With respect to the Fund, the Administrator, through the NSCC, makes available immediately prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern Time) on each Business Day, the Fund Securities that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form (as defined below) on that day. Fund Securities received on redemption may not be identical to Deposit Securities which are applicable to creations of Creation Units.

Cash Redemption Amount. Unless cash redemptions are available or specified for the Fund, the redemption proceeds for a Creation Unit generally consist of Fund Securities – as announced by the Administrator on the Transmittal Date for redemption – plus cash in an amount equal to the difference between the NAV of the Shares being redeemed, as next determined on the Transmittal Date after receipt of a request in proper form on the Submission Date, and the value of the Fund Securities (the “Cash Redemption Amount”), less a redemption transaction fee described below in the section entitled “Redemption Transaction Fee”. In the event that the Fund Securities have a value greater than the NAV of the Shares, a compensating cash payment equal to the differential is required to be made by or through an Authorized Participant by the redeeming shareholder.

Placement of Redemption Orders Using Clearing Process. Orders to redeem Creation Units through the Clearing Process must be delivered through a Participating Party that has executed the Participant Agreement. An order to redeem Creation Units using the Clearing Process is deemed received on the Transmittal Date if (i) such order is received by the Administrator during the Order Window on the Submission Date; and (ii) all other procedures set forth in the Participant Agreement are properly followed; such order will be effected based on the NAV of the Fund as next determined on the Transmittal Date. An order to redeem Creation Units using the Clearing Process made in proper form but received by the Fund after 5:30 p.m. will be rejected.

However, due to the schedule of holidays in certain countries, the different treatment among foreign and U.S. markets of dividend record dates and dividend ex-dates (that is the last date the holder of a security can sell the security and still receive dividends payable on the security sold), and in certain other circumstances, the delivery of in-kind redemption proceeds may take longer than two Business Days after the Transmittal Date. Appendix B identifies the instances where more than seven days would be needed to deliver redemption proceeds. Pursuant to an order of the SEC, on behalf of the Fund, the Fund will make delivery of in-kind redemption proceeds within the number of days stated in Appendix B to be the maximum number of days necessary to deliver redemption proceeds. If neither the redeeming Shareholder nor the Authorized Participant acting on behalf of such redeeming Shareholder has appropriate arrangements to take delivery of the Fund Securities in the applicable foreign jurisdiction and it is not possible to make other such arrangements, or if it is not possible to effect deliveries of the Fund Securities in such jurisdiction, the Trust may, in its discretion, exercise its option to redeem such Shares in cash, and the redeeming Shareholders will be required to receive its redemption proceeds in cash.

Placement of Redemption Orders Outside Clearing Process. Orders to redeem Creation Units outside the Clearing Process must be delivered through a DTC Participant that has executed the Participant Agreement. A DTC Participant who wishes to place an order for redemption of Creation Units to be effected outside the Clearing Process need not be a Participating Party, but such orders must state that the DTC Participant is not using the Clearing Process and that redemption of Creation Units will instead be effected through transfer of Shares directly through DTC. An order to redeem Creation Units outside the Clearing Process is deemed received by the Administrator on the Transmittal Date if (i) such order is received by the Administrator during the Order Window on the Submission Date; (ii) such order is

accompanied or proceeded by the requisite number of Shares of the Fund and/or the Cash Redemption Amount specified in such order, which delivery must be made through DTC to the Administrator no later than 11:00 a.m. and 2:00 p.m., respectively, Eastern Time, on the next Business Day following the Transmittal Date (the “DTC Cut-Off-Time”); and (iii) all other procedures set forth in the Participant Agreement are properly followed.

After the Administrator has deemed an order for redemption outside the Clearing Process received, the Administrator will initiate procedures to transfer the requisite Fund Securities, which are expected to be delivered within three Business Days, and/or the Cash Redemption Amount to the Authorized Participant, on behalf of the redeeming Beneficial Owner, by the second Business Day following the Transmittal Date on which such redemption order is deemed received by the Administrator.

The calculation of the value of the Fund Securities and the Cash Redemption Amount to be delivered upon redemption will be made by the Administrator according to the procedures set forth under “Determination of Net Asset Value” computed on the Transmittal Date. Therefore, if a redemption order in proper form is submitted to the Administrator by a DTC Participant during the Order Window on the Submission Date, and the requisite number of Shares of the Fund are delivered to the custodian prior to the DTC Cut-Off-Time, then the value of the Fund Securities and/or the Cash Redemption Amount to be delivered will be determined by the Administrator on such Transmittal Date. If, however, a redemption order is submitted to the Administrator by a DTC Participant during the Order Window on the Submission Date, but either (1) the requisite number of Shares of the Fund are not delivered by the DTC Cut-Off-Time as described above on the next Business Day following the Transmittal Date or (2) the redemption order is not submitted in proper form, then the redemption order will not be deemed received as of the Submission Date. In such case, the value of the Fund Securities and the Cash Redemption Amount to be delivered will be computed on the Business Day that such order is deemed received by the Administrator, *i.e.*, the Business Day on which the Shares of the Fund are delivered through DTC to the Administrator by the DTC Cut-Off-Time on such Business Day pursuant to a properly submitted redemption order.

If it is not possible to effect deliveries of the Fund Securities, the Trust may in its discretion exercise its option to redeem such Shares in cash, and the redeeming Beneficial Owner will be required to receive its redemption proceeds in cash. In addition, an investor may request a redemption in cash which the Fund may, in its sole discretion, permit. In either case, the investor will receive a cash payment equal to the NAV of its Shares based on the NAV of Shares of the Fund next determined on the Transmittal Date (minus a redemption transaction fee and additional charge for requested cash redemptions specified above, to offset the Trust’s brokerage and other transaction costs associated with the disposition of Fund Securities). The Fund may also, in its sole discretion, upon request of a shareholder, provide such redeemer a portfolio of securities which differs from the exact composition of the Fund Securities but does not differ in NAV.

Redemptions of Shares for Fund Securities will be subject to compliance with applicable federal and state securities laws and the Fund (whether or not it otherwise permits cash redemptions) reserves the right to redeem Creation Units for cash to the extent that the Fund

could not lawfully deliver specific Fund Securities upon redemptions or could not do so without first registering the Fund Securities under such laws. An Authorized Participant or an investor for which it is acting subject to a legal restriction with respect to a particular stock included in the Fund Securities applicable to the redemption of a Creation Unit may be paid an equivalent amount of cash. The Authorized Participant may request the redeeming Beneficial Owner of the Shares to complete an order form or to enter into agreements with respect to such matters as compensating cash payment, beneficial ownership of Shares or delivery instructions. The Trust also reserves the right to offer an “all cash” option for redemptions of Creation Units for the Fund.

The right of redemption may be suspended or the date of payment postponed with respect to the Fund (1) for any period during which the NYSE is closed (other than customary weekend and holiday closings); (2) for any period during which trading on the NYSE is suspended or restricted; (3) for any period during which an emergency exists as a result of which disposal of the Shares of the Fund or determination of the Shares’ NAV is not reasonably practicable; or (4) in such other circumstance as is permitted by the SEC.

Redemption Transaction Fee. To compensate the Trust for transfer and other transaction costs involved in redemption transactions through the Clearing Process, investors will be required to pay a minimum redemption transaction fee, assessed per transaction as follows:

Redemption Transaction Fee*
\$500

* To the extent a Creation Unit consists of more than 100 securities, an additional Redemption Transaction Fee may be charged to Authorized Participants to the next highest \$500 increment at the following rates: (i) \$5 per book-entry security settled via the NSCC’s CNS; and (ii) \$15 per security for “in-kind” settlements settled outside the NSCC, and all physical settlements, including options, futures and other derivatives.

The Fund, subject to approval by the Board, may adjust the fee from time to time based upon actual experience. Investors who use the services of a broker or other such intermediary in addition to an Authorized Participant to effect a redemption of a Creation Unit may be charged a fee for such services.

DETERMINING OFFERING PRICE AND NET ASSET VALUE

The NAV of the Fund’s Shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the, generally 4:00 p.m. E.S.T. (the “NAV Calculation Time”). NAV per Share is calculated by dividing the Fund’s net assets by the number of Shares outstanding.

In calculating its NAV, the Fund generally values its assets on the basis of market quotations, last sale prices, or estimates of value furnished by a pricing service or brokers who make markets in such instruments.

Fair value pricing is used by the Fund when reliable market valuations are not readily available or are not deemed to reflect current market values. Securities that may be valued using “fair value” pricing may include, but are not limited to, securities for which there are no current market quotations or whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by “significant events.” An example of a significant event is an event occurring after the close of the market in which a security trades but before the Fund’s next NAV Calculation Time that may materially affect the value of the Fund’s investment (e.g., government action, natural disaster, or significant market fluctuation). When fair-value pricing is employed, the prices of securities used by the Fund to calculate its NAV may differ from quoted or published prices for the same securities.

DISTRIBUTIONS AND TAXES

This section summarizes some of the main U.S. federal income tax consequences of owning Shares of the Fund. This section is current as of the date of the SAI. Tax laws and interpretations change frequently, and these summaries do not describe all of the tax consequences to all taxpayers. For example, these summaries generally do not describe your situation if you are a corporation, a non-U.S. person, a broker-dealer, or other investor with special circumstances. In addition, this section does not describe your state, local or foreign tax consequences.

This federal income tax summary is based in part on the advice of counsel to the Fund. The Internal Revenue Service could disagree with any conclusions set forth in this section. In addition, our counsel was not asked to review, and has not reached a conclusion with respect to the federal income tax treatment of the assets to be deposited in the Fund. This may not be sufficient for prospective investors to use for the purpose of avoiding penalties under federal tax law.

As with any investment, prospective investors should seek advice based on their individual circumstances from their own tax advisor.

The Fund intends to qualify annually and to elect to be treated as a regulated investment company under the Internal Revenue Code of 1986, as amended (the “Code”).

To qualify for the favorable U.S. federal income tax treatment generally accorded to regulated investment companies, the Fund must, among other things, (a) derive in each taxable year at least 90% of its gross income from dividends, interest, payments with respect to securities loans and gains from the sale or other disposition of stock, securities or foreign currencies or other income derived with respect to its business of investing in such stock, securities or currencies, or net income derived from interests in certain publicly traded partnerships; (b) diversify its holdings so that, at the end of each quarter of the taxable year, (i) at least 50% of the market value of the Fund’s assets is represented by cash and cash items (including receivables), U.S. government securities, the securities of other regulated investment companies and other securities, with such other securities of any one issuer generally limited for the purposes of this calculation to an amount not greater than 5% of the value of the Fund’s total

assets and not greater than 10% of the outstanding voting securities of such issuer, and (ii) not more than 25% of the value of its total assets is invested in the securities (other than U.S. government securities or the securities of other regulated investment companies) of any one issuer, or two or more issuers which the Fund controls which are engaged in the same, similar or related trades or businesses, or the securities of one or more of certain publicly traded partnerships; and (c) distribute at least 90% of its investment company taxable income (which includes, among other items, dividends, interest and net short-term capital gains in excess of net long-term capital losses) and at least 90% of its net tax-exempt interest income each taxable year. There are certain exceptions for failure to qualify if the failure is for reasonable cause or is de minimis, and certain corrective action is taken and certain tax payments are made by the Fund.

As a regulated investment company, the Fund generally will not be subject to U.S. federal income tax on its investment company taxable income (as that term is defined in the Code, but without regard to the deduction for dividends paid) and net capital gain (the excess of net long-term capital gain over net short-term capital loss), if any, that it distributes to shareholders. The Fund intends to distribute to its shareholders, at least annually, substantially all of its investment company taxable income and net capital gain. If the Fund retains any net capital gain or investment company taxable income, it will generally be subject to federal income tax at regular corporate rates on the amount retained. In addition, amounts not distributed on a timely basis in accordance with a calendar year distribution requirement are subject to a nondeductible 4% excise tax unless, generally, the Fund distributes during each calendar year an amount equal to the sum of (1) at least 98% of its ordinary income (not taking into account any capital gains or losses) for the calendar year, (2) at least 98.2% of its capital gains in excess of its capital losses (adjusted for certain ordinary losses) for the one-year period ending October 31 of the calendar year, and (3) any ordinary income and capital gains for previous years that were not distributed during those years. In order to prevent application of the excise tax, the Fund intends to make its distributions in accordance with the calendar year distribution requirement. A distribution will be treated as paid on December 31 of the current calendar year if it is declared by the Fund in October, November or December with a record date in such a month and paid by the Fund during January of the following calendar year. Such distributions will be taxable to shareholders in the calendar year in which the distributions are declared, rather than the calendar year in which the distributions are received.

Subject to certain reasonable cause and de minimis exceptions, if the Fund fails to qualify as a regulated investment company or fails to satisfy the 90% distribution requirement in any taxable year, the Fund would be taxed as an ordinary corporation on its taxable income (even if such income were distributed to its shareholders) and all distributions out of earnings and profits would be taxed to shareholders as ordinary income.

DISTRIBUTIONS

Dividends paid out of the Fund's investment company taxable income are generally taxable to a shareholder as ordinary income to the extent of the Fund's earnings and profits, whether paid in cash or reinvested in additional Shares. However, certain ordinary income distributions received from the Fund may be taxed at capital gains tax rates. In particular, ordinary income dividends received by an individual shareholder from a regulated investment

company such as the Fund are generally taxed at the same rates that apply to net capital gain, *provided* that certain holding period requirements are satisfied and provided the dividends are attributable to qualifying dividends received by the Fund itself. Dividends received by the Fund from foreign corporations are qualifying dividends eligible for this lower tax rate only in certain circumstances. The Fund will provide notice to its Shareholders of the amount of any distributions that may be taken into account as a dividend which is eligible for the capital gains tax rates. The Fund cannot make any guarantees as to the amount of any distribution which will be regarded as a qualifying dividend.

Income from the Fund may also be subject to a 3.8% “Medicare tax.” This tax generally applies to net investment income if the taxpayer’s adjusted gross income exceeds certain threshold amounts, which are \$250,000 in the case of married couples filing joint returns and \$200,000 in the case of single individuals.

A corporation that owns Shares generally will not be entitled to the dividends received deduction with respect to many dividends received from the Fund because the dividends received deduction is generally not available for distributions from regulated investment companies. However, certain ordinary income dividends on Shares that are attributable to qualifying dividends received by the Fund from certain domestic corporations may be reported by the Fund as being eligible for the dividends received deduction.

Distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss), if any, properly reported as capital gain dividends are taxable to a shareholder as long-term capital gains, regardless of how long the shareholder has held Fund Shares. Shareholders receiving distributions in the form of additional Shares, rather than cash, generally will have a tax basis in each such Share equal to the value of a Share of the Fund on the reinvestment date. A distribution of an amount in excess of the Fund’s current and accumulated earnings and profits will be treated by a shareholder as a return of capital which is applied against and reduces the shareholder’s basis in his or her Shares. To the extent that the amount of any such distribution exceeds the shareholder’s basis in his or her Shares, the excess will be treated by the shareholder as gain from a sale or exchange of the Shares.

Shareholders will be notified annually as to the U.S. federal income tax status of distributions, and shareholders receiving distributions in the form of additional Shares will receive a report as to the value of those Shares.

SALE OR EXCHANGE OF FUND SHARES

Upon the sale or other disposition of Shares of the Fund, which a shareholder holds as a capital asset, such a shareholder may realize a capital gain or loss which will be long-term or short-term, depending upon the shareholder’s holding period for the Shares. Generally, a shareholder’s gain or loss will be a long-term gain or loss if the Shares have been held for more than one year.

Any loss realized on a sale or exchange will be disallowed to the extent that Shares disposed of are replaced (including through reinvestment of dividends) within a period of

61 days beginning 30 days before and ending 30 days after disposition of Shares or to the extent that the shareholder, during such period, acquires or enters into an option or contract to acquire, substantially identical stock or securities. In such a case, the basis of the Shares acquired will be adjusted to reflect the disallowed loss. Any loss realized by a shareholder on a disposition of Fund Shares held by the shareholder for six months or less will be treated as a long-term capital loss to the extent of any distributions of long-term capital gain received by the shareholder with respect to such Shares.

TAXES ON PURCHASE AND REDEMPTION OF CREATION UNITS

If a shareholder exchanges securities for Creation Units the shareholder will generally recognize a gain or a loss. The gain or loss will be equal to the difference between the market value of the Creation Units at the time and the shareholder's aggregate basis in the securities surrendered and the Cash Component paid. If a shareholder exchanges Creation Units for securities, then the shareholder will generally recognize a gain or loss equal to the difference between the shareholder's basis in the Creation Units and the aggregate market value of the securities received and the Cash Redemption Amount. The Internal Revenue Service, however, may assert that a loss realized upon an exchange of securities for Creation Units or Creation Units for securities cannot be deducted currently under the rules governing "wash sales," or on the basis that there has been no significant change in economic position.

NATURE OF FUND'S INVESTMENTS

Certain of the Fund's investment practices are subject to special and complex federal income tax provisions that may, among other things, (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions, (ii) convert lower taxed long-term capital gain into higher taxed short-term capital gain or ordinary income, (iii) convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited), (iv) cause the Fund to recognize income or gain without a corresponding receipt of cash, (v) adversely affect the time as to when a purchase or sale of stock or securities is deemed to occur and (vi) adversely alter the characterization of certain complex financial transactions.

FUTURES CONTRACTS AND OPTIONS

The Fund's transactions in futures contracts and options will be subject to special provisions of the Code that, among other things, may affect the character of gains and losses realized by the Fund (*i.e.*, may affect whether gains or losses are ordinary or capital, or short-term or long-term), may accelerate recognition of income to the Fund and may defer Fund losses. These rules could, therefore, affect the character, amount and timing of distributions to shareholders. These provisions also (a) will require the Fund to mark-to-market certain types of the positions in its portfolio (*i.e.*, treat them as if they were closed out), and (b) may cause the Fund to recognize income without receiving cash with which to make distributions in amounts necessary to satisfy the 90% distribution requirement for qualifying to be taxed as a regulated investment company and the distribution requirements for avoiding excise taxes.

INVESTMENTS IN CERTAIN FOREIGN CORPORATIONS

If the Fund holds an equity interest in any “passive foreign investment companies” (“*PFICs*”), which are generally certain foreign corporations that receive at least 75% of their annual gross income from passive sources (such as interest, dividends, certain rents and royalties or capital gains) or that hold at least 50% of their assets in investments producing such passive income, the Fund could be subject to U.S. federal income tax and additional interest charges on gains and certain distributions with respect to those equity interests, even if all the income or gain is timely distributed to its shareholders. The Fund will not be able to pass through to its shareholders any credit or deduction for such taxes. The Fund may be able to make an election that could ameliorate these adverse tax consequences. In this case, the Fund would recognize as ordinary income any increase in the value of such PFIC shares, and as ordinary loss any decrease in such value to the extent it did not exceed prior increases included in income. Under this election, the Fund might be required to recognize in a year income in excess of its distributions from PFICs and its proceeds from dispositions of PFIC stock during that year, and such income would nevertheless be subject to the distribution requirement and would be taken into account for purposes of the 4% excise tax (described above). Dividends paid by PFICs are not treated as qualified dividend income.

BACKUP WITHHOLDING

The Fund may be required to withhold U.S. federal income tax from all taxable distributions and sale proceeds payable to shareholders who fail to provide the Fund with their correct taxpayer identification number or fail to make required certifications, or who have been notified by the Internal Revenue Service that they are subject to backup withholding. Corporate shareholders and certain other shareholders specified in the Code generally are exempt from such backup withholding. This withholding is not an additional tax. Any amounts withheld may be credited against the shareholder’s U.S. federal income tax liability.

NON-U.S. SHAREHOLDERS

U.S. taxation of a shareholder who, as to the United States, is a nonresident alien individual, a foreign trust or estate, a foreign corporation or foreign partnership (“*non-U.S. shareholder*”) depends on whether the income of the Fund is “effectively connected” with a U.S. trade or business carried on by the shareholder.

In addition to the rules described in this section concerning the potential imposition of withholding on distributions to non-U.S. persons, distributions to non-U.S. persons that are “financial institutions” may be subject to a withholding tax of 30% unless an agreement is in place between the financial institution and the U.S. Treasury to collect and disclose information about accounts, equity investments, or debt interests in the financial institution held by one or more U.S. persons or the institution is resident in a jurisdiction that has entered into such an agreement with the U.S. Treasury. For these purposes, a “financial institution” means any entity that (i) accepts deposits in the ordinary course of a banking or similar business, (ii) holds financial assets for the account of others as a substantial portion of its business, or (iii) is engaged (or holds itself out as being engaged) primarily in the business of investing, reinvesting

or trading in securities, partnership interests, commodities or any interest (including a futures contract or option) in such securities, partnership interests or commodities. Dispositions of Shares by such persons may be subject to such withholding after December 31, 2018.

Distributions to non-financial non-U.S. entities (other than publicly traded foreign entities, entities owned by residents of U.S. possessions, foreign governments, international organizations, or foreign central banks) will also be subject to a withholding tax of 30% if the entity does not certify that the entity does not have any substantial U.S. owners or provide the name, address and TIN of each substantial U.S. owner. Dispositions of Shares by such persons may be subject to such withholding after December 31, 2018.

Income Not Effectively Connected. If the income from the Fund is not “effectively connected” with a U.S. trade or business carried on by the non-U.S. shareholder, distributions of investment company taxable income will generally be subject to a U.S. tax of 30% (or lower treaty rate), which tax is generally withheld from such distributions.

Distributions of capital gain dividends and any amounts retained by the Fund which are properly reported by the Fund as undistributed capital gains will not be subject to U.S. tax at the rate of 30% (or lower treaty rate) unless the non-U.S. shareholder is a nonresident alien individual and is physically present in the United States for more than 182 days during the taxable year and meets certain other requirements. However, this 30% tax on capital gains of nonresident alien individuals who are physically present in the United States for more than the 182 day period only applies in exceptional cases because any individual present in the United States for more than 182 days during the taxable year is generally treated as a resident for U.S. income tax purposes; in that case, he or she would be subject to U.S. income tax on his or her worldwide income at the graduated rates applicable to U.S. citizens, rather than the 30% U.S. tax. In the case of a non-U.S. shareholder who is a nonresident alien individual, the Fund may be required to withhold U.S. income tax from distributions of net capital gain unless the non-U.S. shareholder certifies his or her non-U.S. status under penalties of perjury or otherwise establishes an exemption. If a non-U.S. shareholder is a nonresident alien individual, any gain such shareholder realizes upon the sale or exchange of such shareholder’s Shares of the Fund in the United States will ordinarily be exempt from U.S. tax unless the gain is U.S. source income and such shareholder is physically present in the United States for more than 182 days during the taxable year and meets certain other requirements.

Distributions from the Fund that are properly reported by the Fund as an interest-related dividend attributable to certain interest income received by the Fund or as a short-term capital gain dividend attributable to certain net short-term capital gain income received by the Fund may not be subject to U.S. federal income taxes, including withholding taxes when received by certain non-U.S. investors, provided that the Fund makes certain elections and certain other conditions are met.

In addition, capital gain distributions attributable to gains from U.S. real property interests (including certain U.S. real property holding corporations) will generally be subject to United States withholding tax and will give rise to an obligation on the part of the foreign shareholder to file a United States tax return.

Income Effectively Connected. If the income from the Fund is “effectively connected” with a U.S. trade or business carried on by a non-U.S. shareholder, then distributions of investment company taxable income and capital gain dividends, any amounts retained by the Fund which are properly reported by the Fund as undistributed capital gains and any gains realized upon the sale or exchange of Shares of the Fund will be subject to U.S. income tax at the graduated rates applicable to U.S. citizens, residents and domestic corporations. Non-U.S. corporate shareholders may also be subject to the branch profits tax imposed by the Code. The tax consequences to a non-U.S. shareholder entitled to claim the benefits of an applicable tax treaty may differ from those described herein. Non-U.S. shareholders are advised to consult their own tax advisors with respect to the particular tax consequences to them of an investment in the Fund.

CAPITAL LOSS CARRY-FORWARD

Under the Regulated Investment Company Modernization Act of 2010 (the “RIC Modernization Act”), net capital losses incurred in taxable years after December 22, 2010, may be carried forward indefinitely, and their character is retained as short-term and/or long-term losses. Previously, net capital losses were carried forward for up to eight years and treated as short-term losses. As a transition rule, the RIC Modernization Act requires that post-enactment net capital losses be used before pre-enactment net capital losses. To the extent that these loss carry-forwards are used to offset future capital gains, it is probable that the capital gains so offset will not be distributed to Fund shareholders. The Fund is subject to certain limitations, under U.S. tax rules, on the use of capital loss carry-forwards and net unrealized built-in losses. These limitations apply when there has been a 50% change in ownership.

PORTFOLIO TURNOVER

For investors that hold their Fund Shares in a taxable account, a high portfolio turnover rate may result in higher taxes. This is because a fund with a high turnover rate is likely to accelerate the recognition of capital gains and more of such gains are likely to be taxable as short-term rather than long-term capital gains in contrast to a comparable fund with a low turnover rate. Any such higher taxes would reduce the Fund’s after-tax performance. For non-U.S. investors, any such acceleration of the recognition of capital gains that results in more short-term and less long-term capital gains being recognized by the Fund may cause such investors to be subject to increased U.S. withholding taxes.

OTHER TAXATION

Fund shareholders may be subject to state, local and foreign taxes on their Fund distributions. Shareholders are advised to consult their own tax advisors with respect to the particular tax consequences to them of an investment in the Fund.

This discussion of “Distributions and Taxes” is not intended or written to be used as tax advice and does not purport to deal with all federal tax consequences applicable to all categories of investors, some of which may be subject to special rules. You should consult

your own tax adviser regarding your particular circumstances before making an investment in the Fund.

PERFORMANCE INFORMATION

To obtain the Fund's most current performance information, please call (800) 208-5212 or visit the Fund's website at www.innovatoretfs.com.

From time to time, the Fund's performance information, such as yield or total return, may be quoted in advertisements or in communications to present or prospective shareholders. Performance quotations represent the Fund's past performance and should not be considered as representative of future results. The Fund will calculate its performance in accordance with the requirements of the rules and regulations under the 1940 Act, as they may be revised from time to time.

EXHIBIT A
EGAN-JONES PROXY SERVICES
STANDARD PROXY VOTING
PRINCIPLES AND GUIDELINES

Egan-Jones Proxy Voting Principles

Introduction

Our Proxy Voting Principles serve as the background for our Proxy Voting Guidelines, which, in turn, act as general guidelines for the specific recommendations that we make with respect to proxy voting. It is important to recognize that such principles are not intended to dictate but guide. Certain of the principles may be inappropriate for a given company, or in a given situation. Additionally, the principles are evolving and should be viewed in that light. Our principles are and will be influenced by current and forthcoming legislation, rules and regulations, and stock exchange rules. Examples include:

- the Sarbanes-Oxley Act of 2002 and implementing rules promulgated by the U.S. Securities & Exchange Commission
- revised corporate governance listing standards of the New York Stock Exchange and resulting SEC rules
- corporate governance reforms and subsequent proposed rule filings made with the SEC by The NASDAQ Stock Market, Inc. and resulting SEC rules

In general:

- Directors should be accountable to shareholders, and management should be accountable to directors.
- Information on the Company supplied to shareholders should be transparent.
- Shareholders should be treated fairly and equitably according to the principle of one share, one vote.

Principles

A. Director independence

It is our view that:

- A two-thirds majority of the board should be comprised of independent directors.
- Independent directors should meet alone at regularly scheduled meetings, no less frequently than semi-annually, without the Chief Executive Officer or other non-independent directors present.
- When the Chairman of the Board also serves as the Company's Chief Executive Officer, the board should designate one independent director to act as a leader to coordinate the activities of the other independent directors.
- Committees of the board dealing with the following responsibilities should consist only of independent directors: audit, compensation, nomination of directors, corporate governance, and compliance.
- No director should serve as a consultant or service provider to the Company.
- Director compensation should be a combination of cash and stock in the Company, with stock constituting a significant component.

In our opinion, an independent director, by definition, has no material relationship with the Company other than his or her directorship. This avoids the potential for conflict of interest. Specifically such director:

- should not have been employed by the Company or an affiliate within the previous five years.

- should not be the founder of the Company.
- should not be a director of the Company serving in an ex officio capacity.
- should not be a member of the Company’s Board of Directors for 10 years or more, however, a director who is a diverse nominee may be exempted from this rule on the case-by-case basis.
- should have no services contract regarding such matters as aircraft rental contract, real property lease or similar contract with the Company or affiliate, or with a member of the Company’s senior management or provide legal or consulting services to the Company within the previous three years.
- should not be employed by a public company at which an executive officer of the Company serves as a director, and thereby be part of an interlocking relationship.
- should not be a member of the *immediate family* (spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone other than domestic employees who share such person’s home) of any person described above.
- a director who receives, or whose immediate family member receives, more than \$120,000 per year in *direct compensation* (base salary plus cash bonus) from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation.
- a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of another company (other than a utility) or non-profit organization that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of the recipient company’s consolidated gross revenues, is not “independent” until three years after falling below such threshold. However, the existence of a credit agreement between a bank and the Company shall not affect the independence of a director who is an executive of that bank within the previous three years.

B. Board operating procedures

- The board should adopt a written statement of its governance principles, and regularly re-evaluate them.
- Independent directors should establish performance criteria and compensation incentives for the Chief Executive Officer, and regularly review his or her performance against such criteria. Such criteria should align the interests of the CEO with those of shareholders, and evaluate the CEO against peer groups.
- The independent directors should be provided access to professional advisers of their own choice, independent of management.
- The board should have a CEO succession plan, and receive periodic reports from management on the development of other members of senior management.
- Directors should have access to senior management through a designated liaison person.
- The board should periodically review its own size, and determine the appropriate size.

C. Requirements for individual directors

We recommend that:

- The board should provide guidelines for directors serving on several Boards addressing competing commitments.

- The board should establish performance criteria for itself and for individual directors regarding director attendance, preparedness, and participation at meetings of the board and of committees of the board, and directors should perform satisfactorily in accordance with such criteria in order to be re-nominated.

D. Shareholder rights

- A simple majority of shareholders should be able to amend the Company’s bylaws, call special meetings, or act by written consent.
- “Greenmail” should be prohibited.
- Shareholder approval should be required to enact or amend a “poison pill” (i.e., “shareholder rights”) plan
- Directors should be elected annually.
- The board should ordinarily implement a shareholder proposal that is approved by a majority of proxy votes.
- Shareholders should have effective access to the director nomination process.

Egan-Jones Proxy Voting Guidelines

Consistent with the above-listed principles, the proxy voting guidelines outlined below are written to guide the specific recommendations that we make to our clients. Ordinarily, we do not recommend that clients ABSTAIN on votes; rather, we recommend that they vote FOR or AGAINST proposals (or, in the case of election of directors, that they vote FOR ALL nominees, AGAINST the nominees, or that they WITHHOLD votes for certain nominees). In the latter instance, the recommendation on our report takes the form ALL, EXCEPT FOR and lists the nominees from whom votes should be withheld.

Whether or not the guideline below indicates “case-by-case basis,” every case is examined to ensure that the recommendation is appropriate.

Board Of Directors

Election of Directors in Uncontested Elections

Case-by-case basis, examining composition of board and key board committees, attendance history, corporate governance provisions and takeover activity, long-term company financial performance relative to a market index, directors’ investment in the Company, etc.

WITHHOLD votes from nominees who:

- are affiliated outside directors and sit on the Audit, Compensation, or Nominating committees.
- are inside directors and sit on the Audit, Compensation, or Nominating committees.
- are inside directors and the Company does not have Audit, Compensation, or Nominating committees.
- attend less than 75 percent of the board and committee meetings. Participation by phone is acceptable.
- ignore a shareholder proposal that is approved by a majority of the shares outstanding.
- ignore a shareholder proposal that is approved by a majority of the votes cast for two consecutive years.
- fail to act on takeover offers where the majority of the shareholders have tendered their shares.
- implement or renew a “dead-hand” or modified “dead-hand” poison pill.
- sit on more than five other public boards.
- serve as both Chairmen of the Board and CEOs and the Company receives a poor Board Score.

- serve as CEOs and hold more than one outside public directorship.
- serve as Chairmen of the Board and hold more than one outside public directorship.
- sit on the existing board, which has failed to respond adequately to a say-on-pay vote in which the majority of votes cast voted AGAINST.
- sit on the existing board, which has implemented a less frequent say-on-pay vote than the frequency option which received a majority of votes cast in the previous frequency vote.

Underperforming Board Policy

WITHHOLD votes from Compensation Committee members in cases when the Company obtains a questionable score on the Egan-Jones compensation rating model.

WITHHOLD votes from Compensation Committee members in cases when the Company's Compensation Plans (Cash Bonus Plan or Stock Option Plan) receive an "AGAINST" recommendation from Egan-Jones.

Board Accountability

Case-by-case basis for the following:

- Evidence or belief of failure of the board to properly account and prepare for risk (i.e. carbon or cyber issues)
- A low board score, coupled with poor performance
- Legal or ethical problems in the Company or its management

In cases in which the Company has engaged in the practice commonly referred to as "options backdating," Egan-Jones may recommend that votes be withheld from nominees serving on the Company's compensation committee, the Company's entire board of directors, and/or its chief executive officer. Such recommendations will be made on a case-by-case basis, taking into consideration such matters as intent of the individuals involved, scope and timing of the practice, significance of financial restatement required, and corrective action taken.

Furthermore, we may recommend withholding votes from either members of the Company's compensation committee, its entire board of directors and/or its chief executive officer where the Company has engaged in what we judge to be other unsatisfactory compensation practices. Considerations may include such factors as "pay-for-failure" executive severance provisions, change-in-control payments which are either excessive or which are not tied to loss of job or significant reduction in duties, excessive executive perquisites, unjustified changes in the performance standards applied to performance-based compensation, and executive compensation out of proportion to performance of the Company.

FOR responsible shareholder proposals calling for the Company to name as directors only those who receive a majority of shareholder votes.

Separating Chairman and CEO

FOR shareholder proposals requiring that positions of Chairman and CEO be held separately.

Independent Directors

FOR shareholder proposals asking that a two-thirds majority of directors be independent.

FOR shareholder proposals asking that the board's Audit, Compensation, and/or Nominating committees be composed exclusively of independent directors.

FOR shareholder proposals that the Chairman OR lead director be independent when the Company obtains a questionable score on the Egan-Jones director independence rating. AGAINST in all other cases.

Stock Ownership Requirements

AGAINST shareholder proposals requiring directors to own a minimum amount of company stock in order to qualify as a director or to remain on the board.

Term Limits

AGAINST shareholder proposals to limit tenure of outside directors.

Age Limits

AGAINST shareholder proposals to impose a mandatory retirement age for outside directors.

Director and Officer Indemnification and Liability

Case-by-case basis on management proposals regarding director and officer indemnification and liability, using Delaware law as the standard.

AGAINST management proposals to eliminate entirely directors and officers liability for monetary damages for violating the duty of care.

AGAINST management indemnification proposals that would expand coverage beyond legal expenses to acts, such as negligence, that are more serious violations of fiduciary obligation than mere carelessness.

FOR only those management proposals providing such expanded coverage in cases when a director's or officer's legal defense was unsuccessful if (1) the director was found to have acted in good faith and in a manner that he or she reasonably believed was in the best interests of the company, and (2) only if the director's legal expenses would be covered.

Charitable Contributions

AGAINST shareholder proposals regarding disclosure of charitable contributions.

Political Contributions

AGAINST shareholder proposals regarding disclosure of political contributions.

FOR management proposals regarding approval of political contributions.

Lobbying Expenditures

AGAINST shareholder proposals for disclosure of lobbying expenditures.

Proxy Contests and Other Contested Elections

Election of Directors in Contested Elections

Case-by-case basis for voting for directors in contested elections, considering long-term financial performance of the target company relative to its industry, management's track record, background to the proxy contest, qualifications of director nominees on both slates, evaluation of what each side is offering shareholders as well as likelihood that proposed objectives and goals will be met, and stock ownership positions.

FOR plurality voting standard in contested elections.

Reimbursement of Proxy Solicitation Expenses

Case-by-case basis for shareholder proposals for reimbursement of proxy solicitation expenses. FOR reimbursing proxy solicitation expenses where EGAN-JONES recommends in favor of the dissidents.

Auditors

Ratifying Auditors

FOR management proposals to ratify appointment of independent auditor unless:

- Auditor obtains a questionable score on the Egan-Jones Auditor Rating Model which takes into account a number of factors including but not limited to:
 - Auditor rotation every seven years
 - Non-audit fees exceeding 50% of total fees
 - Significant and material disciplinary actions taken against the Company's Auditor

- Auditor has a financial interest in or association with the Company, and is therefore not independent; or there is reason to believe that the independent auditor has rendered an opinion which is neither accurate nor indicative of the Company's financial position.

Proxy Contest Defenses

Classified Board vs. Annual Election

AGAINST management proposals to classify the board.

FOR shareholder proposals to repeal ("de-stagger") classified boards and to elect all directors annually.

Removal of Directors

AGAINST management proposals that provide that directors may be removed only for cause.

FOR shareholder proposals to restore shareholder ability to remove directors with or without cause.

CASE-BY-CASE basis for shareholder proposal to remove a director, usually AGAINST unless there are compelling reasons to remove a director or a director does not fulfill Egan-Jones criteria examining independence, meetings attendance, other board memberships, then in such cases FOR.

AGAINST management proposals that provide that only continuing directors may elect replacements to fill board vacancies.

FOR shareholder proposals that permit shareholders to elect directors to fill board vacancies.

Cumulative Voting

FOR management proposals to eliminate cumulative voting.

AGAINST shareholder proposals to provide for cumulative voting.

Calling Special Meetings

AGAINST management proposals to restrict or prohibit shareholder ability to call special meetings.

FOR shareholder proposals to allow a shareholder holding a 25% or greater interest to call a special shareholder meeting.

Acting by Written Consent

Case by case for management proposals to restrict or prohibit shareholder ability to take action by written consent.

FOR shareholder proposals to allow or make easier shareholder action by written consent.

Altering Size of the Board

FOR management proposals to fix the size of the board.

AGAINST management proposals that give management the ability to alter size of the board without shareholder approval.

Tender Offer Defenses

"Poison Pills"

FOR shareholder proposals that ask the Company to submit its "poison pill" for shareholder ratification.

Case-by-case basis for shareholder proposals to redeem a company's existing "poison pill."

Case-by-case basis for management proposals to ratify a "poison pill."

Fair Price Provisions

Case-by-case basis for adopting fair price provisions, considering vote required to approve the proposed acquisition, vote required to repeal the fair price provision, and mechanism for determining the fair price.

AGAINST fair price provisions with shareholder vote requirements greater than a majority of disinterested shares.

“Greenmail”

FOR proposals to adopt anti-“greenmail” charter or bylaw amendments or otherwise restrict the company’s ability to make “greenmail” payments.

Case-by-case basis for anti-“greenmail” proposals which are bundled with other charter or bylaw amendments.

“Pale Greenmail”

Case-by-case basis for restructuring plans that involve the payment of pale greenmail.

Unequal Voting Rights

AGAINST dual-class exchange offers and dual-class recapitalizations.

Supermajority Requirement to Amend Charter or Bylaws

AGAINST management proposals to require a supermajority shareholder vote to approve charter and bylaw amendments.

FOR shareholder proposals to lower supermajority shareholder vote requirements for charter and bylaw amendments.

Supermajority Requirement to Approve Mergers

AGAINST management proposals to require a supermajority shareholder vote to approve mergers and other significant business combinations.

FOR shareholder proposals to lower supermajority shareholder vote requirements for mergers and other significant business combinations.

Placement of Equity with “White Squire”

FOR shareholder proposals to require approval of “blank check preferred stock” issues for other than general corporate purposes.

Other Governance Proposals

Confidential Voting

FOR shareholder proposals that request that the company adopt confidential voting, use independent tabulators, and use independent inspectors of election as long as the proposals include clauses for proxy contests as follows: In the case of a contested election, management should be permitted to request that the dissident group honor its confidential voting policy. If the dissidents agree, the policy remains in place. If the dissidents do not agree, the confidential voting policy is waived.

FOR management proposals to adopt confidential voting.

Equal Access

AGAINST shareholder proposals that would allow significant company shareholders equal access to management’s proxy material in order to evaluate and propose voting recommendations on proxy proposals and director nominees, and in order to nominate their own candidates to the board.

Proxy Access

FOR binding shareholder proxy access proposals considering the following criteria:

- 0.5% ownership threshold
- Number of board members that may be elected - cap of 1/3 of board or minimum 2 nominees, if the board size is being lowered the calculation is based upon the original board size, if it is being increased the calculation would be based upon the original board size, with each new slot added to the total, so two plus six if six new board positions are being created

- We prefer no limit or caps on the number of shareowners in the nominations group
- Loaned securities will count towards total
- We prefer that all participants affirm that they intend to be “long term shareholders” of the company with at least 6 month ownership duration requirement
- Proposals with no re-nominations restrictions are preferred

Bundled Proposals

Case-by-case basis for bundled or “conditioned” proxy proposals. Where items are conditioned upon each other, examine benefits and costs. AGAINST in instances when the joint effect of the conditioned items is not in shareholders’ best interests. FOR if the combined effect is positive.

Shareholder Advisory Committees

Case-by-case basis for shareholder proposals establishing a shareholder advisory committee.

Capital Structure

Common Stock Authorization

AGAINST management proposals increasing the number of authorized shares of the class of stock that has superior voting rights in companies that have dual-class capitalization structures.

AGAINST management proposals to increase the number of authorized shares of common stock, or equivalents, that exceeds the maximum amount indicated by Egan-Jones model without any specified legitimate purpose.

FOR management proposals to increase the number of authorized shares of common stock, or equivalents, that does not exceed the maximum amount indicated by Egan-Jones model or are targeted for a specified legitimate purpose.

Case-by-case basis on other such management proposals considering the specified purposes of the proposed increase, any explanation of risks to shareholders of failing to approve the request, potential dilution, and recent track record for using authorized shares, in which case judgment is applied to weigh such factors. Factors which are normally weighed in making such judgments include prior performance of the issuer, changes within the industry, relative performance within the industry, client preferences and overall good corporate governance. In general, we view the authorization of additional common shares to be ordinary and necessary and in the best long-term interests of the issuer and its shareholders.

Stock Distributions: Splits and Dividends

FOR management proposals to increase common share authorization for a stock split, provided that the increase in authorized shares would not result in an excessive number of shares available for issuance, considering the industry and company’s returns to shareholders.

Reverse Stock Splits

FOR management proposals to implement a reverse stock split when the number of shares will be proportionately reduced to avoid delisting.

Case-by-case basis on management proposals to implement a reverse stock split that do not proportionately reduce the number of shares authorized for issuance.

Preferred Stock

AGAINST management proposals authorizing creation of new classes of “blank check preferred stock” (i.e., classes with unspecified voting, conversion, dividend distribution, and other rights).

FOR management proposals to authorize preferred stock in cases where the Company specifies the voting, dividend, conversion, and other rights of such stock and the terms are reasonable.

Case-by-case basis on management proposals to increase the number of “blank check preferred shares” after analyzing the number of preferred shares available for issuance considering the industry and Company’s returns to shareholders.

“Blank Check Preferred Stock”

FOR shareholder proposals to have placements of “blank check preferred stock” submitted for shareholder approval, except when those shares are issued for the purpose of raising capital or making acquisitions in the normal course.

FOR management proposals to create “blank check preferred stock” in cases when the Company specifically states that the stock will not be used as a takeover defense.

Adjustments to Par Value of Common Stock

FOR management proposals to reduce the par value of common stock.

Preemptive Rights

Case-by-case basis on shareholder proposals that seek preemptive rights, considering size of the company and shareholder characteristics.

Debt Restructurings

Case-by-case basis on management proposals to increase number of common and/or preferred shares and to issue shares as part of a debt restructuring plan, considering dilution, any resulting change in control.

FOR management proposals that facilitate debt restructurings except where signs of self-dealing exist.

Share Repurchase Programs

FOR management proposals to institute open-market share repurchase plans in which all shareholders may participate on equal terms.

Tracking Stock

Case-by-case basis for management proposals for creation of tracking stock, considering the strategic value of the transaction vs. adverse governance changes, excessive increases in authorized stock, inequitable distribution method, diminution of voting rights, adverse conversion features, negative impact on stock option plans, and other alternatives, such as spin-offs.

Stock buybacks

Case-by-case on management proposals requesting stock buybacks. AGAINST in cases when the Company receives a poor Board or Compensation score. FOR otherwise.

Compensation of Officers and Directors

Compensation of Officers and Directors

FOR compensation plans that result in an amount of dilution (or the equivalent value in cash) that is less than the total amount suggested by Egan-Jones compensation rating model’s maximum dilution function as determined by the Company’s compensation rating.

AGAINST compensation plans that result in an excess amount of dilution (or the equivalent value in cash) that is more than the total amount suggested by Egan-Jones compensation rating model’s maximum dilution function as determined by the Company’s compensation rating.

AGAINST compensation plans involving “pay for failure,” such as excessively long contracts, guaranteed compensation, excessive severance packages, or other problematic practice not accounted for in the Egan-Jones compensation rating.

Case-by-case (but generally FOR) plans that are completely “decoupled” from the CEOs compensation and thus have no impact on the CEO’s current or future total compensation.

Advisory Votes on Executive Compensation (“Say-on-Pay”)

Case-by-case basis on advisory votes on executive compensation (“Say-on-Pay”), based on the score obtained by the Company in Egan-Jones Compensation Rating. AGAINST a non-binding compensation advisory vote when the Company obtains a questionable score on the Egan-Jones Compensation Rating model, FOR otherwise.

Relative Compensation is based upon a number of quantitative and qualitative metrics which produce a final score that is both forward looking and based upon the prior performance metrics of the company's wealth creation and market capitalization as compared to the CEO's total compensation package. Higher wealth creation, market capitalization and lower CEO compensation all contribute to a higher score in this rating. Additional qualitative measures such as 162m compliance, executive pension plan status and other relevant factors are then used to calculate the final score.

Advisory Votes Regarding Frequency of Advisory Votes on Executive Compensation

FOR management proposals that recommend that advisory votes on executive compensation take place annually.

AGAINST management proposals that recommend that advisory votes on executive compensation take place every two years or triennially.

AGAINST shareholder proposals regarding advisory vote on directors' compensation.

Management Proposals Seeking Approval to Re-price Options

Case-by-case basis on management proposals seeking approval to re-price options.

Director Compensation

Case-by-case basis on stock-based plans for directors.

Employee Stock Purchase Plans

Case-by-case basis on employee stock purchase plans.

Amendments that Place a Maximum Limit on Annual Grants or Amend Administrative Features

FOR plans that amend shareholder-approved plans to include administrative features or place maximum limit on annual grants that any participant may receive to comply with the provisions of Section 162(m) of the Omnibus Budget Reconciliation Act (OBRA).

Amendments to Added Performance-Based Goals

FOR amendments to add performance goals to existing compensation plans to comply with the provisions of Section 162(m) of OBRA.

Amendments to Increase Shares and Retain Tax Deductions under OBRA

Case-by-case basis on amendments to existing plans to increase shares reserved and to qualify the plan for favorable tax treatment under the provisions of Section 162(m).

Approval of Cash or Cash & Stock Bonus Plans

Case-by-case basis on cash or cash & stock bonus plans to exempt compensation from taxes under the provisions of Section 162(m) of OBRA.

Limits on Director and Officer Compensation

FOR shareholder proposals requiring additional disclosure of officer and director compensation.

Case-by-case basis for all other shareholder proposals seeking limits on officer and director compensation.

“Golden Parachutes” and “Tin Parachutes”

FOR shareholder proposals to have “golden and tin parachutes” submitted for shareholder ratification.

Case-by-case basis on proposals to ratify or cancel “golden or tin parachutes.”

Employee Stock Ownership Plans (ESOPs)

FOR proposals that request shareholder approval in order to implement an ESOP or to increase authorized number of shares for existing ESOPs, except in cases when the number of shares allocated to the ESOP is “excessive” (i.e., greater than five percent of outstanding shares).

401(k) Employee Benefit Plans

FOR proposals to implement a 401(k) savings plan for employees.

State of Incorporation

State Takeover Statutes

Case-by-case basis on proposals to opt in or out of state takeover statutes (including control share acquisition statutes, control share cash-out statutes, freeze-out provisions, fair price provisions, stakeholder laws, poison pill endorsements, severance pay and labor contract provisions, anti-“greenmail” provisions, and disgorgement provisions).

Reincorporation Proposals

Case-by-case basis on proposals to change the Company’s state of incorporation.

Business Combinations and Corporate Restructurings

Mergers and Acquisitions

Case-by-case basis on mergers and acquisitions, considering projected financial and operating benefits, offer price, prospects of the combined companies, negotiation process, and changes in corporate governance.

Corporate Restructuring

Case-by-case basis on corporate restructurings, including minority squeeze-outs, leveraged buyouts, spin-offs, liquidations, and asset sales.

Spin-offs

Case-by-case basis on spin-offs, considering tax and regulatory advantages, planned use of proceeds, market focus, and managerial incentives.

Asset Sales

Case-by-case basis on asset sales, considering impact on the balance sheet and working capital, and value received.

Liquidations

Case-by-case basis on liquidations considering management’s efforts to pursue alternatives, appraisal value, and compensation for executives managing the liquidation.

Appraisal Rights

FOR providing shareholders with appraisal rights.

Mutual Fund Proxies

Election of Directors

Case-by-case basis for election of directors, considering board structure, director independence, director qualifications, compensation of directors within the fund and the family of funds, and attendance at board and committee meetings.

WITHHOLD votes for directors who:

- are interested directors and sit on key board committees (Audit or Nominating committees)
- are interested directors and the company does not have one or more of the following committees: Audit or Nominating.
- attend less than 75 percent of the board and committee meetings. Participation by phone is acceptable.
- ignore a shareholder proposal that is approved by a majority of shares outstanding.

- ignore a shareholder proposal that is approved by a majority of the votes cast for two consecutive years
- serve as Chairman but are not independent (e.g. serve as an officer of the fund's advisor)

Converting Closed-end Fund to Open-end Fund

Case-by-case basis for conversion of closed-end fund to open-end fund, considering past performance as a closed-end fund, market in which the fund invests, measures taken by the board to address the market discount, and past shareholder activism, board activity, and votes on related proposals.

Proxy Contests

Case-by-case basis on proxy contests, considering past performance, market in which fund invests, and measures taken by the board to address issues raised, past shareholder activism, board activity, and votes on related proposals.

Investment Advisory Agreements

Case-by-case basis on investment advisory agreements, considering proposed and current fee schedules, fund category and investment objective, performance benchmarks, share price performance relative to that of peers; and magnitude of any fee increase.

New Classes or Series of Shares

FOR creating new classes or series of shares.

Preferred Stock Authorization

Case-by-case basis for authorization for or increase in preferred shares, considering financing purpose and potential dilution for common shares.

1940 Act Policies

Case-by-case basis for 1940 Act policies, considering potential competitiveness, regulatory developments, current and potential returns, and current and potential risk.

Changing a Fundamental Restriction to a Non-fundamental Restriction

Case-by-case basis on changing fundamental restriction to non-fundamental restriction, considering fund's target investments, reasons for change, and projected impact on portfolio.

Changing Fundamental Investment Objective to Non-fundamental

AGAINST proposals to change the fund's fundamental investment objective to non- fundamental.

Name Rule Proposals

Case-by-case basis for name rule proposals, considering the following factors: political/economic changes in target market; bundling with quorum requirements or with changes in asset allocation, and consolidation in the fund's target market.

Disposition of Assets, Termination, Liquidation

Case-by-case basis for disposition of assets, termination or liquidation, considering strategies employed, company's past performance, and terms of liquidation.

Charter Modification

Case-by-case basis for changes to the charter, considering degree of change, efficiencies that could result, state of incorporation, and regulatory standards and implications.

Change of Domicile

Case-by-case basis for changes in state of domicile, considering state regulations of each state, required fundamental policies of each state; and the increased flexibility available.

Change in Sub-classification

Case-by-case basis for change in sub-classification, considering potential competitiveness, current and potential returns, risk of concentration, and industry consolidation in the target industry.

Authorizing Board to Hire and Terminate Sub-advisors without Shareholder Approval

AGAINST authorizing the board to hire and terminate sub-advisors without shareholder approval.

Distribution Agreements

Case-by-case basis for approving distribution agreements, considering fees charged to comparably sized funds with similar objectives, proposed distributor's reputation and past performance, and competitiveness of fund in industry.

Master-Feeder Structure

FOR establishment of a master-feeder structure.

Changes to Charter

Case-by-case basis for changes to the charter, considering degree of change implied by the proposal, resulting efficiencies, state of incorporation, and regulatory standards and implications.

Mergers

Case-by-case basis for proposed merger, considering resulting fee structure, performance of each fund, and continuity of management.

Advisory Vote on Merger Related Compensation

AGAINST "golden parachutes" which are abusive,

- such as those that exceed 3x of the cash severance or
- if the cash severance multiple is greater than 2.99x or
- contain tax gross-ups or
- provide for accelerated vesting of equity awards, (however, pro-rata vesting of awards based on past service is acceptable) or
- are triggered prior to completion of the transaction or
- if the payouts are not contingent on the executive's termination.

Miscellaneous Shareholder Proposals

Independent Directors

FOR shareholder proposals asking that a three-quarters majority of directors be independent.

FOR shareholder proposals asking that board's Audit, Compensation, and/or Nominating committees be composed exclusively of independent directors.

FOR shareholder proposals that the Chairman OR lead director be independent when the company obtains a questionable score on the Egan-Jones director independence rating. AGAINST in all other cases.

Establish Director Ownership Requirement

AGAINST proposals establishing a director ownership requirement.

Reimbursement of Shareholder for Expenses Incurred

CASE-BY-CASE for proposals for reimbursing proxy solicitation expenses in contested meetings.

FOR proposals for reimbursing proxy solicitation expenses in contested meetings in cases where EGAN-JONES recommends in favor of the dissidents.

Terminate the Investment Advisor

CASE-BY-CASE basis for proposals for terminating the investment advisor, considering fund's performance and history of shareholder relations.

Tax Payments on Restricted Awards

AGAINST shareholder proposals to adopt a policy that the Company will pay the personal taxes owed on restricted stock awards on behalf of named executive officers.

Recovery of Unearned Management Bonuses

AGAINST shareholder proposals to adopt an executive compensation recoupment policy.

Clawback Provision Amendment

AGAINST shareholder proposals that request the board of directors amend the Company's clawback policy for executive compensation.

Quantifiable Performance Metrics

CASE-BY-CASE on shareholder proposals that request the board adopt the policy regarding quantifiable performance metrics. FOR this proposal in cases when Egan-Jones compensation rating model results in an 'Against' recommendation on 'Say-on-Pay' proposal. AGAINST this proposal in cases of when Egan-Jones compensation rating model results in a 'For' recommendation on 'Say-on-Pay' proposal.

Vote Tabulation

FOR shareholder proposals that request all matters presented to shareholders, other than the election of directors, shall be decided by a simple majority of the shares voted 'For' and 'Against' an item and abstentions from the vote count be excluded.

Maryland's Unsolicited Takeover Act

FOR shareholder proposals requesting that the Board opt out of MUTA, which allows the board of directors to make changes by board resolution only, without shareholder approval, to a company's capital structure and charter/bylaws. These include, but are not limited to:

- > the ability to re-classify a board;
- > the exclusive right to set the number of directors;
- > limiting shareholders' ability to call special meetings to a threshold of at least a majority of shares.

Accelerated Vesting

FOR shareholder proposals to implement double triggered with pro-rata vesting of awards.

Dividends

CASE-BY-CASE basis for shareholder proposals to increase dividends, but generally AGAINST in the absence of a compelling reason for.

Shareholder Proposals on Social Issues**Energy and Environment**

AGAINST shareholder proposals that request companies to follow the CERES Principles.

Generally AGAINST proposals requesting reports that seek additional information, unless it appears that the Company has not adequately addressed shareholders' relevant environmental concerns but FOR shareholder proposals requesting additional disclosure regarding hydraulic fracturing.

AGAINST proposals that request that the Board prepare, at reasonable expense and omitting proprietary information, a sustainability report.

AGAINST shareholder proposals that requests that company develop and implement a comprehensive sustainable palm oil sourcing policy.

AGAINST shareholder proposals promoting recycling.

AGAINST shareholder proposals requesting a report on recyclable packaging.

AGAINST shareholder proposals requesting that a company voluntarily label genetically engineered (GE) ingredients in its products.

AGAINST shareholder proposals that requests the Company prepare a report, at reasonable expense and omitting proprietary information, assessing actual and potential material financial risks or operational impacts on the Company related to these genetically modified organisms (GMO issues).

AGAINST shareholder proposals to eliminate GE ingredients from the company's products, or proposals asking for reports outlining the steps necessary to eliminate GE ingredients from the company's products.

AGAINST shareholder proposals requesting that a company adopt GHG emissions reductions goals and issue a report by at reasonable cost and omitting proprietary information, on its plans to achieve these goals.

AGAINST shareholder proposals to encourage energy conservation and the development of alternate renewable and clean energy resources and to reduce or eliminate toxic wastes and greenhouse gas emissions.

AGAINST shareholder proposals on proper disposal of pharmaceuticals.

AGAINST shareholder proposals requesting a report on electronic waste.

CASE-BY-CASE on shareholder proposals requesting a report on renewable energy adoption. FOR in cases when the Company receives a poor Board score, AGAINST otherwise.

CASE-BY-CASE on shareholder proposals requesting a report on distributed - scale clean electricity. FOR in cases when the Company receives a poor Board score, AGAINST otherwise.

FOR shareholder proposals requesting a report on climate change and business model.

AGAINST shareholder proposals requesting a report on nanomaterials.

FOR shareholder proposals requesting a report on antibiotics in livestock.

Northern Ireland

AGAINST proposals related to the MacBride Principles.

AGAINST proposals requesting reports that seek additional information about progress being made toward eliminating employment discrimination, unless it appears Company has not adequately addressed shareholder relevant concerns.

Military Business

AGAINST proposals on defense issues.

AGAINST proposals requesting reports that seek additional information on military related operations, unless the Company has been unresponsive to shareholder relevant requests.

Maquiladora Standards and International Operations Policies

AGAINST on proposals relating to the Maquiladora Standards and international operating policies.

AGAINST proposals requesting reports on international operating policy issues, unless it appears the Company has not adequately addressed shareholder relevant concerns.

World Debt Crisis

AGAINST proposals dealing with Third World debt.

AGAINST proposals requesting reports on Third World debt issues, unless it appears the Company has not adequately addressed shareholder relevant concerns.

Equal Employment Opportunity and Discrimination

AGAINST on proposals regarding equal employment opportunities and discrimination.

AGAINST proposals requesting reports that seek additional information about affirmative action efforts, unless it appears the Company has been unresponsive to shareholder relevant requests.

Holy Land Principles

AGAINST shareholder proposals to approve the implementation of the Holy Land Principles.

Animal Rights

AGAINST proposals that deal with animal rights.

Product Integrity and Marketing

AGAINST proposals on ceasing production of socially questionable products.

AGAINST proposals requesting reports that seek additional information regarding product integrity and marketing issues, unless it appears the Company has been unresponsive to shareholder relevant requests.

Human Resources Issues

AGAINST proposals regarding human resources issues.

AGAINST proposals requesting reports that seek additional information regarding human resources issues, unless it appears the Company has been unresponsive to shareholder relevant requests.

EXHIBIT B

Regular Holidays

The Fund generally intends to effect deliveries of Creation Units and portfolio securities on a basis of “T plus two” business days (“T+2”). The Fund may effect deliveries of Creation Units and portfolio securities on a basis other than T+2 to accommodate local holiday schedules, to account for different treatment among foreign and U.S. markets of dividend record dates and ex-dividend dates, or under certain other circumstances. The ability of the Fund to effect in-kind creations and redemptions within two business days of receipt of an order in good form is subject, among other things, to the condition that, within the time period from the date of the order to the date of delivery of the securities, there are no days that are holidays in the applicable foreign market. For every occurrence of one or more intervening holidays in the applicable foreign market that are not holidays observed in the U.S. equity market, the redemption settlement cycle will be extended by the number of such intervening holidays. In addition to holidays, other unforeseeable closings in a foreign market due to emergencies may also prevent the Fund from delivering securities within the normal settlement period. The securities delivery cycles currently practicable for transferring portfolio securities to redeeming investors, coupled with foreign market holiday schedules, will require a delivery process longer than seven calendar days in certain circumstances.

The holidays applicable to the Fund during such periods are listed below, as are instances where more than seven days will be needed to deliver redemption proceeds. Although certain holidays may occur on different dates in subsequent years, the number of days required to deliver redemption proceeds in any given year is not expected to exceed the maximum number of days listed below for the Fund. The proclamation of new holidays, the treatment by market participants of certain days as “informal holidays” (e.g., days on which no or limited securities transactions occur, as a result of substantially shortened trading hours), the elimination of existing holidays, or changes in local securities delivery practices, could affect the information set forth herein at some time in the future.

The dates of the Regular Holidays in the United States in calendar year 2018 are:

Holiday	2018
New Year’s Day	Monday, January 1
Martin Luther King, Jr. Day	Monday, January 15
Washington’s Birthday	Monday, February 19
Good Friday	Friday, March 30
Memorial Day	Monday, May 28
Independence Day	Wednesday, July 4*
Labor Day	Monday, September 3
Thanksgiving Day	Thursday, November 22**
Christmas	Tuesday, December 25***

* The NYSE, NYSE AMEX and NASDAQ will close early at 1:00 p.m. Eastern Time on Tuesday, July 3, 2018.

** The NYSE, NYSE AMEX and NASDAQ will close early at 1:00 p.m. Eastern Time on Friday, November 23, 2018 (the day after Thanksgiving).

*** The NYSE, NYSE AMEX and NASDAQ will close early at 1:00 p.m. Eastern time on Monday, December 24, 2018
